

The Endtime Warrior's Operating Manuals for the New Weapons

Hearing from Heaven, using the Keys, prayer, and using a new spiritual weapon all have to be learned. These things have to be repeated over and over again, and if you use as many methods as possible to implant these spiritual abilities into your being then the faster you will learn them. (Mystical Bible prophecies)

Part 4: User's Manuel for Working with Our Spirit Helpers

Just as you call on Me when you need an answer or solution to a problem, call on your spirit helpers the same way. I've gifted them for this task. I've given them the wisdom, knowledge, spiritual firepower that they need to help aid you in your life on Earth. They're an extension of My Spirit. Use them! Use the completeness of My power by tapping into their resource of strength and power! (Prayer Drive 2007 #3647)

I have spoken to you repeatedly, My loves, of the need to work with your spirit helpers, and to avail yourselves of the help I provide for you. I know this is a practice that you are yet learning to hone and to put to use in your daily lives. Dear ones, you must now make it a priority to progress in this area. As these days of evil continue, you must make use of these helpers I put at your command to a greater degree. You must not only call on the power of the keys to rebuke your enemies, to fell the dark ones who fight you in the spirit world, but call on the keys in conjunction with calling on these strong, courageous ones who wait to assist you, to fight for you, to encourage and uplift you, to help you in every way. (Christmas Gifts part 2 #3429)

I choose to work through a system of spirit helpers, spirit beings, and departed saints to run the spirit world and to help Me to help you. I choose to use departed saints who are touched with the feeling of your infirmities to help you. Just as you see in the physical world before you a major system of organization to keep everything running and operating smoothly, so I have a major system of organization to keep everything running smoothly. It is realistic. It is something that even you can understand.

You say, "But why do we need these spirit helpers when we have You? You're all-powerful and omnipresent, so why is it so important that we release the help of these spirit helpers?"

Why can't I do it Myself? Why do you need spirit helpers?--Because I choose to operate this way, and I have created it so. It's the same as asking, "Why man?" Because God chose it to be so before the foundation of the Earth, and it is His will. It is part of His creation and part of His divine plan.

Man was created so that God would not be alone. Spirit beings and angels, spirit helpers and departed spirits are also His companions and helpers. They are His family in the spirit world, just as you are His family in the physical world

before you enter the spirit world. He needs and uses His spirit helpers, just as He needs and uses you because He loves you.

He gives you their help because He delights to use them. He delights to teach and train them to help you, and to instruct you to receive their help. He is using it to fulfill His greater plan as a direct means of communication with you, His children, in the Endtime. You are beginning to realize more fully the power of spiritual communication, and it is because God has chosen to reveal it to you now in fuller detail. He's preparing you for your future roles in the Endtime when you will work hand in hand with His spirit helpers.

They will work with you and teach you to do great things. They will guide you and help you to learn to fight the battles of the Endtime using the weapons of the Spirit and the ways of My Spirit.

They are part of My Heavenly army--part of the workings and ways of My Spirit. They are part of Me! When you use their strength and their help, you are using My strength and My help. I will use them to teach you and prepare you for your ministry in the days to come, and you will begin to learn to work side by side with those of the spirit world who are sent to help you. (Releasing Our Spirit Helpers! #3145) and (More on Help from the Spirit World! #3147)

I've given you insight on your helpers, as well as encouraged you to call on their help, so that you can not only draw from their particular reservoir of power and expertise, but also to help you connect more personally to the spiritual realm, help you use the keys and your spiritual weapons better, help you be wiser and better connected to the spiritual in every way. What better way to do this than through getting to know your fellow workers and departed saints of the spiritual realm?

For instance, I could have just set things up with My Father so that We alone sat on the throne of Heaven and ran the universe ourselves, without the aid or help of angels, archangels, and other spiritual entities. We could have more or less had the monopoly on power. We certainly didn't need to have the help of others. We embody all power--the greatest power in existence. But still, even within the spiritual realm, My Father and I don't run a dictatorship. We counsel and reason together with others within our realm, We teamwork, so that Our perfect purpose is established.

This is generally how our power is manifested and deployed--through a specific chain of command within the spiritual realm, as your Father David taught you. This way the angels and spiritual beings learn and grow in the area of channeling and deploying their power through you on Earth. Earth is but the first learning and testing ground, but slowly and surely I want that line between the two realms to fade, as you become more one with the other side and your helpers.

So while, yes, the keys of the Kingdom--that three-in-one power--is definitely powerful enough to stand on its own, I still emphasize and continue to encourage you to avail yourselves of your helpers from the spiritual realm. You need them and they need you. By working toward knowing and forming a personal relationship with your helpers, you are slowly crossing over that line between the two worlds, and when you step over into this next world, you will be leaps and bounds ahead of others who have not formed that working and personal relationship with those of the spiritual realm. It's all part of your training as My elite. (The Mysterious Keys - Part 3 #3599-2)

If you are spending time with your spirit helpers, and taking the time to stop, look, and listen to those who stand by your side in the spirit world, you will be partaking of more of My Spirit. You will gain an extra spiritual sense and awareness. You will find it easier to connect to the realm of the spirit. Even if you are taking sufficient time with Me, if you're not also connected with your spirit helpers, then there will be a lack in your spiritual life.

This is a new day, and I have said that the spiritual realm is merging with the physical realm every single day. Every day more and more of My Spirit is being revealed and imparted to you. All you have to do is reach up and receive, put off the cloaks of carnality, and take on My Spirit in all its fullness.

Your spirit helpers are part of your new weapons for this new era. You have the keys, yes. You have the Word, yes. You have praise, prayer, and prophecy, yes. You have all of these and more. But to complete all these weapons you must also use your spirit helpers and avail yourself of their power. Their power must come to life in your life and spirit; their power must be activated in the battles you fight and in the victories you win.

So keep calling out to them. Keep wooing them with your prayers and your desperation for their help. Let them know you love them and need them and can't make it one day without them. Open your life to them and let them tend to the areas of your heart and mind that they have charge over.

You have helpers of change who long to instruct you in the ways of acceptance and faith toward change. You have helpers of love who want to give you counsel and comfort in the art of love and wooing and winning and being a vessel for My love to come through. You have helpers who specialize in relating to others, strengthening the bonds of your love with others, and your communications with others. They yearn to speak to you on how you can reach out more, focus on others, and be Me for others in all of your interactions.

You have helpers of encouragement who want to express words of praise and commendation to you, words of comfort and courage to help you with the walk ahead. You have helpers of anointing who want to help you take on the new anointing that I am extending to you. They have counsel to offer, tips to help you enhance your awareness of Me and My power around you. You have helpers of the future who want to speak to you of what lies ahead and how to begin preparing for those days right now. They want to help arm you in spirit and heart for the battles of tomorrow.

So talk with them. Listen to them. Open your heart to hear what they have to say. They are powerhouses of instruction, insight, wisdom, revelation, understanding, knowledge, counsel, help, and much, much more!
(Prayer Drive 2007 #3647)

Open your life up, not only to Me and to your shepherds, but also to your warriors of the spirit. They have opened their lives up to you. They are ready to tell you anything you long to know. They are ready to show you anything you long to understand. They are eager, right by your side, practically begging you to let them speak. Especially right now during this time of change and revolution, during this time when the spiritual realm is taking a greater step closer to your lives of the flesh, they long to be called upon.

Don't let their talents and powers go to waste in your life by not availing yourself of what they have to give you. Your life could be so much richer, so much happier, so much more satisfying, and even more full of faith if you would connect more deeply with your spirit helpers. This is My plug for them. I want you to avail yourself of those who are giving their lives for you each and every day.

You will only gain in every way by doing so. You will feel their spirits even becoming a part of your life as you listen to their counsel and obey their instruction. Their greatest talents and strengths will in time become your talents and strengths, as you are faithful to spend time with them. Sometimes I purposely do not give you the full answer or the full instruction on a certain topic, because I want you to also ask your spirit helpers for advice and counsel. I want you to also learn to work in teamwork with them, and not only Me.

Yes, this has been your main focus--to put Me first, to ask Me everything, to spend quality time with Me, and I see you are faithful with this. You've grown tremendously in this way in the spirit. So now is the time to learn to work with your spirit helpers, to learn to spend time with them, to learn to focus on the powers of the spirit through their help and counsel. I promise to bless your life as you do. With each step you take to connect with them, with each effort you put forth to learn from them and communicate with them, I will bless you more abundantly with the attributes of their spirit.

You will feel a greater awareness of their presence each time you talk with them. You'll be drawing closer and closer to them, so that as the days of darkness and tribulation approach, you won't only be one person in Me; you will be a thousand warriors in Me and them! You will have **the spirits of a thousand saints** living in your heart and your mind and your spirit. You will have their words running through you, their strengths compelling you--and that, coupled with My power, will make you an unbeatable force!

Each weapon of the spirit enhances the other and they must all be used in order for the full power to be given. I tell you today that your spirit helpers are your new weapon of the spirit. You need to use them in conjunction with the keys and praise and prayer and prophecy and loving Me intimately and reading My Word and focusing on the power and memorizing, etc. They need to be used, otherwise none of these other weapons will be used to their full potential in your life. You will feel empowered, yes; you will have great power even if you aren't using all of the new weapons, but never as much as you could have if you were faithful to put them all into practice.

You need all of the new weapons. If you didn't need them all and didn't need to use them all, I wouldn't have revealed them to you. However, while I'm instructing you that the new weapons link together, and they all complement one another and are important, there are times when you just use one new weapon, and that's okay. It's not good to neglect weapons, but it's also impractical to feel that at every moment you have to be using them all. That's unrealistic.

But this is My plea to you to please call out to your spirit helpers and use them as the unbeatable weapons that they are! They love you so much and are giving their lives for you. Please open your life to them. Speak to them. Ask them questions that are on your heart. Give them time to talk with you and instruct you. They only wait for your openness to receive.

Their hands are full and overflowing and they want to pour into you, but you need to empty your hands of what you hold right now and reach out to receive of them. Listen to them. You will not regret it. The benefits in your life will be innumerable, inestimable, and awesome beyond compare! I promise you will love it! (Prayer Drive 2007 #3647)

If you could see the engineering and the planning and the preparation that those who help you go through to bring to pass the little miracles throughout the day, you would be amazed! For they love to help you and they love to engineer, and they work hard to do such things, that you would have the answers to your prayers. They do these things to please you, to accomplish My will and to bring to pass those things which must happen in order for My will to be fulfilled.

At times there is disappointment because the plans and the preparations are made, but My children do not listen, or do not hear, or do not yield, and so they miss the opportunity for the fulfillment of My will. This is why I wish for you to listen more to Me and to listen to the spirits and the whispers, and to listen to those that I have sent to help you, to lead and guide you. For they prepare and they engineer and they work, but they also must depend on you. They must depend on that which you seek in prayer. They must depend on your yieldedness, your willingness, your listening ears and your listening spirit.

So when you seek an answer and when you ask for a miracle, these do help to engineer it. This is all part of My great plan, that we all will work together to show My Love to the world. And I will make this more manifest, for these are dark days and evil days. But I will keep you and I will protect you and I will anoint you, and your helpers will lead and guide you.

And for this purpose do I teach you and your children now to hear My voice and to hear the whispers of these that help you. For the time will come when this will be of great importance, for it will be a time when you must tap into My power and My resources. But those resources are there now at your disposal, at your asking, at your bidding. So ask and seek and believe and let your helpers help you, and let them do the work. Cooperate with them by listening, by obeying,

by following the checks of the Spirit. For it is these checks that bring you to the place where you need to be so that all of the pieces are in place for the plan that has been engineered to be fully executed.

But when you are so full of your own ideas and your own plans and so determined, and not willing to stop, to look, to listen, to go slow, to be prayerful, you miss being in the right place at the right time, doing or saying the right thing to the right person; and the plan is foiled and there is disappointment. But, oh, what great joy and rejoicing there is when you step into the plan of the helpers, the plan of God, and it all works well and each piece functions just as it should and it brings forth great results. Yes, there is great rejoicing and great happiness both in the Spirit and within you, when you see the answer to your prayers, when you see the power of God, when you see the engineering of the spirit world.

For all of this is part of the power of God. All of this is part of the strength of God. And if you would go forth in My power and in My strength, it means that you would be letting these participate in your life, and that you would be working well together with them to fulfill My will.

So work together and work in harmony and be in tune, be in touch, be listening. And be weak--weak in your own strength and your own plan. And be strong--strong in listening, strong in quietness, strong in rest, strong in hearing My voice and hearing the whispers, that when the plan is ready to be put into action, you will step right into your place, that all the pieces may fit well together to bring forth the results that these have prepared and I have approved, that we may together bring forth My will and My plan and accomplish My purpose. (Three Gifts of the Lord's Love! #3005)

Working with your spirit helpers is a piece of cake--and one that you'll find very delicious and satisfying! The process is as simple as eyeing the cake, cutting yourself a piece, and eating it, and it also has three steps. Many of you have already practiced these three steps and have some skill in them, but for the sake of those who don't, or who aren't sure they're doing it right, I'll list them for you.

First, decide what you want done. If you don't know what you want done, it's a bit hard for Heaven to help you do it! Come up with specifics. Be specific, and be definite.

Next, decide who you want to do it, if you know the name of the helper whose realm it is. Once you've decided on the job or the work, then choose the worker for it--that's what they're there for, and they await your command.

Finally, you just send them to do it, to carry out the task--to work in hearts, to prepare the way, to influence the receptive, to line up opportunities for abundant supply, to defeat the Enemy, or whatever you want done.

That's how simple it is: Decide what you want done, decide who you want to do it (or who you'll need to stop those who are trying to stop you from doing it), and then ask them to do it! It's as easy as 1-2-3.

Testimony from MB:

Spirit helper speaking:

What's your request? Just dial in the right number, ask for the service you need, and you'll be on the road again quick smart. Yes it takes faith and indeed at times it takes great faith, after all, some of things you ask for are in the realm of the physically impossible. That fact shouldn't dissuade you though. Just remember the "focus on the power, and not the problem" mode of operation and the Keys will go to work for you.

I was praying for one of our old computers, it has a problem, it has, what I call a lazy glitch. As soon as it's asked to process a task that requires a little memory the fan begins to murmur and complain. Oh for sure we could replace the fan, and perhaps Jesus will do that for us one day, and we are praying for that very thing. But in the meantime, when considering the situation we are in, that new part may take some time to come. Whilst praying for the fan to stop playing up I received this picture in my mind of the scene in the movie "The Matrix", where one of the team were on the phone asking to be translated to another place. And right at that point my spirit helper whispered in my ear, "you see, it is just that simple". Ask what you will, focus on the power of the Keys and not the problem at hand and if according to His will the need will be beamed down to you. In the case of our computer I was praying for a technician to come and fix the problem. I asked him to refurbish or replace the part. I'm not a computer person, but I am a child of the King and I am in the physical realm behind enemy lines, and I need support to finish the mission He asked me to go on. If you are doing His will and His work and being obedient and following all the rules as much as you are able, then the onus is on Him to make it work.

According to our faith be it done unto us is really an open end deal for the man or women of faith. We believe in the impossible, we name it and it's ours, according to His will of course. We believe in miracles, translations, spiritual communication, raising from the dead, and that means computers too, we can request anything and in reality it can happen. We are outside the system just like our friends in the movie were operating in another dimension, so are we. And as we proceed deeper into the last days life out here is going to get more miraculous, it has to, otherwise we aren't going to make it to the rapture. And of course that isn't a big deal either, but all the same, it would be cool to pass through these days and experience seeing and doing all that Jesus has in store for us, don't you think? Oh, btw, the old computer is still chucking along, it complains sometimes, but it always stops complaining when we call on our heavenly technician to give it a tune-up. I don't know his name, but I'm sure if we have to call on him a lot then we will be introduced

officially. I have a mechanic/travel agent that we call on almost every day, we've used him so much over the years he's now become part of our regular team. His name is Carl Stanovitch. (end)

You should work with your helpers of the spirit just like you would work with people in the flesh, except in the spirit you have far more power and authority because I have granted it to you. As it is on Earth, so it is to a large extent in Heaven. For example, if you decided that your earthly house needed some repairs, then you'd look it over carefully and decide what needed to be done. Then, depending on what sort of work it was, you'd call in the specialists--the carpenter, the electrician, the plumber, the furnace repairman--whatever skills were needed.

If you're not sure who you'll need, then you can call in a contractor, of course--someone who will look over the work and decide what must be done and who should do it. Then the contractor will contact those who can do the work, and arrange to have it done in the best way possible. It is similar in the spirit. If you're not sure what spirit helper you need or what their name is, then call on Me, your Heavenly Contractor, and ask Me to send the necessary spirit helper to take care of the job. And, if you're interested, ask Me and I can give you the name and explain the special skills that this helper has which makes him or her and their co-workers perfect for the job.

You can also contact these specialists, these highly skilled spirit helpers, yourself for advice and counsel. They're experts in their jobs, and are thrilled to help you improve in your work. If you're interested in witnessing pointers, for example, check in with San-bahd-mahl to see what sort of advice he can give you. Or if you need more faith for finances, try Arcothon, or the Activation Angel of Miracles. They love to pass on their experience and pointers and tips on how you can do things better, and can make better use of their skills.

You can also ask Me these questions, or seek this counsel from Me, and I'm happy to give it to you. But I've made these spirit helpers available to you, and have provided them with all the wisdom, power, might and answers you need, because I hope you'll take advantage of them. They're your work crew, on standby to take care of whatever work you need done--or your SWAT team, on call to swat the Enemy and his imps, faster than a speeding bullet in-deed!

They help you, and in working with them, you learn how to work in the spirit and get experience in heavenly ways. And in helping you, they fulfill My purpose and accomplish My will, they gain wisdom and experience and skill themselves, and they learn even more dependence on Me. So they help you, and you help them, and I help all of you, and My Kingdom is advanced!

You also empower yourself and your helpers more if you claim the keys and make use of the other spiritual weapons when you send your helpers off to do their jobs. In effect, you give them more power to work with! For example, if you need witnessing help, then make use of San-bahd-mahl, of course, but also claim the keys of witnessing and receptive hearts and focus on their power, praise Me for the witnessing miracles I've done and will yet do, ask Me for full possession and My heavenly thought power, and you're not only empowering yourself but are giving extra power and spiritual tools to your spirit helpers!

So do you understand? Decide what you want done, decide who should do it, and then send them to do it! Evaluate the work, choose the worker--or ask the contractor--and then send them off to do the work, with as much spiritual energy and power behind them as you can provide them with. That's all it takes, but these simple steps put all the power of Heaven at your command. Make good use of it. (Prayer Drive 2007 #3647)

(Dad speaking:) There are many, many spirit helpers at your command. **You are worthy and have been found faithful.** All you have to do is call on them by name, speak to them, get to know them, and avail yourselves of their help. They long to help you, they desire to work with you, and it's their joy to be of service to you. If you could only see the spiritual help you have available to you--and you can see it, if you ask the Lord to open your eyes in the spirit--then you wouldn't stop calling for their help, because you'd be awakened to the giant supernatural wellspring of help available to you.

If you don't know who to call on, if you don't know the name of your spirit helpers, ask the Lord, and He'll introduce you! Get to know those in the spirit. Get acquainted, and start working together more as a team. Your spirit helpers are not just imagined; they're real--simply in a different realm than you. You're in the realm of the flesh and they're in the realm of the spirit, but the Lord has designed you to work together as one. This is the most powerful teamwork combination in the universe--those of the spirit and flesh working together to defeat the Enemy, to further the work of the Lord and the spreading of His truth in these Last Days.

One cannot do without the other; it's a teamwork effort, and must be so to accomplish the Lord's highest and best. You've learned more about your spirit helpers over the years, but now it's time to take it a step further and start depending on their help more fully, growing closer to them in spirit, getting to know them in a personal way, forming bonds of friendship and working relationships, and availing yourself of all that they have to offer. (Mama's Birthday 2002, part 1)

As another side benefit, in getting to know these powerful spiritual warriors, it's a little like getting a **personal trainer or coach**. Not only do they know the game inside and out, but they can give you valuable personal instruction and insight on how you can fight that particular spiritual adversary in your life. They're aware of your strengths and weaknesses, and the more you avail yourself of their help and get in touch with them, the better and more effectively you'll be able to fight and conquer the Enemy's strongholds in your life. I've given you insight on your helpers, as well as encouraged you to call on their help, so that you can not only draw from their particular reservoir of power and expertise, but also to help you connect more personally to the spiritual realm, help you use the keys and your spiritual weapons

better, help you be wiser and better connected to the spiritual in every way. (The Mysterious Keys - Part 3 #3599-2)

You know that the spirit helpers have been published in the Words of David. Granted, some of you may only vaguely remember their names and over what area they stand charge--and some of you may not remember much at all. But information about them is there for you to follow up on and study, so that you can have a more definite understanding of each one. The key is to know their names by heart, and what areas of your life they stand charge over.

Just as you are learning to call on specific keys for your particular needs, so must you learn to call on specific warriors of the spirit for your particular needs. You must learn to recognize your need and then link it to the spirit helper I've shown who stands charge over that area. And then the next step is to make the connection with that spirit helper. First you must pray and call on their help. Then you must listen and receive their instruction. Then you must do and obey the counsel they give, and see their powers work miracles in your life. (Prayer Drive 2007 #3647)

To put it very bluntly, the way to use your spirit helpers offensively is to just use them. Many people seem to get bogged down with all the new spirit helpers that are continually being revealed, and then to top it off, the countless many that I have given them personally. They figure if they can't remember them all, then they might as well quit and not even try. It can seem mind boggling when you look at all you've been given and realize that you must use it all in order to be the warriors and disciples I'm asking you to be.

But, My loves, I'm not asking you to do more than you can handle. I'm only asking you to take one step of progress at a time. I'm not asking you to tackle every single weapon at the same time, in every single moment of your day. I know what you can handle. So I ask that you take it one step at a time. When it's time to praise, I want you to focus on that weapon and wield it with all your heart. When it's time to use the weapon of prophecy, then devote your mind and heart to that. The same principle applies to your spirit helpers: I'm not asking you to use every single one each day of your life from here on out, but to use each one as the need arises.

You could even start with one. Pick one spirit helper you'd like to connect more personally with. Pick one spirit helper you want to learn more from. Then get to know them. Ask them to teach you how to fight. Ask them to be specific with you about the areas of your life they have the wisdom and power in. And then as you get to know them and work along with them, and begin to learn their art of war, you can soon focus on another spirit helper.

Needs will always arise throughout your day that you can call on a specific spirit helper for. The key, as I said before, is to recognize the need, link it to the spirit helper who governs that area, and request help and counsel. As you become more active in working together with your spirit helpers, you will automatically be using this weapon in a more offensive way. (Prayer Drive 2007 #3647)

Once I have revealed one of My specific warriors to you, employing their aid not only helps them learn, grow, and practice their combat skills against their spiritual adversaries, but in the overall scheme of things it always sets the Enemy back, because you have crossed the line between Earth and Spirit. You have broken through the veil, calling on one of Mine by name.--And there is great power in that crossing over and in being specific. The Enemy knows that the closer and more frequently you work with the spiritual realm and your helpers, the more of a setback it is to his plans and devices. You, My children of David, are the only ones with this wealth of privileged information and the additional power it gives YOU. (The Mysterious Keys - Part 3 #3599-2)

I'm not trying to overwhelm you or make things more difficult for you by asking you to work more closely with your spirit helpers. I only ask it of you because I know it will be imperative in the days ahead. It will be vital to your survival. You need the help of those who can see things you can't see, who can understand situations you can't understand simply because you are in the flesh. You need their x-ray eyes, their prevision, their foresight, and their supernatural strength. The job ahead is simply too big for human hands. The battle is too life-threatening for you to fight it alone.

This is why I've given you so many, many gifts from My Spirit. You have need of these things. You need them in order to better do your job for Me. You need them in order to reach the many more lost of the world. You need them in order to overcome the world, to rise above, and to remain separate. Without this added power of the gifts of My Spirit by your side, you simply could not make it.

So it is in love and mercy that I give you these spirit helpers and that I ask you to work with them, to allow them to even work through you, to flow through you at times, offering you power, ability, and spiritual strength. They link hand in hand with Me and with every one of the spiritual weapons and truths I have given you. Without any of these new weapons you are incomplete.

Do your best to get to know your spirit helpers, and do what you can to work more closely with them, and I will cause this weapon to come to the fore more in your life. You will become skilled in your use of it through faithful practice and honing of this skill. (Prayer Drive 2007 #3647)

(Dad speaking:) Have you ever tried developing a special friendship with your spirit helpers? Ask the Lord to reveal to you the names of some of your personal helpers. Get to know some of them. It's such fun; they're such fun. You know how it is when you've developed a special relationship, or you have a kinship, a bond, or a real special friendship with someone there on Earth, how it usually becomes easier to work well with that dear one you know intimately? Why not try working on your working relationships and friendships with some of your spirit helpers too? You'll want to talk with them

and pay them heed more and more if you do, just the way it is the more you talk with the Lord.

Your spirit helpers are eager to talk with you. They'll even tell you about themselves if you've got the time and wanna hear it. In time, you could even get to know their unique personalities and voices as they're helping to lead and guide you in the ways the Lord has asked them to be a help to you. That'll help you tune in some. (The Endtime Series, Part 2 #3279)

(Dad speaking:) Anybody can hear from the Lord and be led by their helpers and guides if they'll just take the few steps that are necessary to tune their receivers to the right frequency.

The secret is in the Word, in prayer, in praise, in yieldedness, and in love. All these forces draw down the power of the Lord and bring you closer to the realm of the spirit, to where it's not only easier for the Lord to get through with His messages, but also for us to get through with our thoughts. (Birthday Yieldedness! #3141)

Be continually, constantly communicating with your spirit helpers. Know them more intimately, and they will be encouraged to whisper directions and guidance much more readily. Woo them with your love and your desire for them to be a part of your life. Make it more and more a teamwork. There is no need for you to ever work alone. You will have more power and sustenance when you work together. (Mystical Bible prophecies)

Pray, My beloved children of the Endtime, and let their powers be upon you! Take upon you the anointing of their wisdom, their insight, and their understanding of the people of your nation. Take upon you the mantle of their many valuable years of training and experience in the spirit world, and let them work through you. Feel their power in your life! Accept and receive it, and it will become more and more real, and will work for you in greater ways than you thought possible. (Releasing Our Spirit Helpers! #3145)

One of the reasons that the departed can be of great help is not just because they were great people with a great love for Me, or those who had great methods and great talent. The main reason why spirit helpers can make a big difference in whatever it is they offer to help you with is that they have a special spiritual insight and understanding that you could never have, and that I've given them specifically so that they can help you.

You could have as much experience as they do, as much love for Me, as much talent, but I've given them something extra that enhances all those qualities which you don't have, and which I expect you to get from them. That extra something is very spiritual, and it's your sensitivity and your vacuum that will open you up to them, at which point they'll gladly and immediately pour down all that you need.

Not only do they have experience and a number of talents that most of you don't have, or don't have in the same way, they also have an extra anointing of insight and understanding, of foresight, and a number of things that can't be had as powerfully in the flesh. (Helpers and Hinderers, Part 5 #3702)

My Kingdom is within you and all around you, and one day very soon, you will be taken from this world, just as I was lifted up by the hand of My Father to My reward, so will you be. But until then you are required on the earth plane as My representatives. But I have not left you comfortless or without the facilities to perform your duty for Me. The Keys of the Kingdom are at your beck and call, you are surrounded by a "great cloud of witnesses", spirit helpers and angels that, on request, will come to your aid to give you support, counsel and protection. (Mystical Bible prophecies)

The great falling away is complete, now is the time of miracles, Key powered miracles. Stand on My promises, believe and come deeper, the River of Life runs deep in your souls, go there now and commune with Me, there you will find life eternal, there your fears will turn to faith, there you will commune with your spirit helpers and those that will possess you and work through you in these last days of man. (Mystical Bible prophecies)

Your spirit helpers are the ones that will help you through the days of tribulation ahead. Are you listening to the whispers? Are you practicing hearing the voice of those that would see you safely through the time of great temptation? If so, then you will make it, for it is their job to see you safely into My arms again. (Mystical Bible prophecies)

(Spirit helper speaking:) You have accomplished what very few have ever accomplished in this life. The Words of David have been given to many, but as you now see, only a very few have held onto them through the testing and trials of the post-reboot years. Fight on, My brides, for we are here, and you must know that you would never have gotten this far without our help. No man alive could have passed through the years and trials and tests My true brides have passed through without supernatural help. So keep that knowledge close to your heart and run on dauntlessly. (Mystical Bible prophecies)

Jewels on Working with Our Spirit Helpers

Don't make a move without 'first' hearing clearly from Me and your helpers. This is putting Me first. (Mystical Bible prophecies)

The starting point, before you pick up any weapon or call on any spirit helper, is faith. Faith is the password. Faith is the foundation of power and anointing and victory. (Nothing Is Too Hard For Jesus! #3658)

Spirit helpers can greatly influence and even change a person's personality or aspects of it when needed, if you let them get close enough to influence you in this way. (The Art Of War Part 6 #3590)

This is My plea to you to please call out to your spirit helpers and use them as the unbeatable weapons that they are! They love you so much and are giving their lives for you. Please open your life to them. Speak to them. Ask them questions that are on your heart. Give them time to talk with you and instruct you. They only wait for your openness to receive. (Prayer Drive 2007 #3647)

Praise aids your spirit helpers in the battle for your life and spirit. Your praises strengthen My power within them. Praise enhances their power over you so that they can do their job of protecting you and strengthening you more easily. (Prayer Drive 2007 #3647)

To grow in working with your helpers in the spiritual realm, call on the keys of insight, faith, spiritual sensitivity and openness. You will be fully possessed by Me and helped and guided by them, and will become a new creation in My sight, for My glory. (Mystical Bible prophecies)

The key is in getting to know your spirit helpers and the specifics about them. Get to know their names and ask them what they do, what charge they take over your life, and then counsel with them as to how you can do better in that particular area. You don't have to try to discover them all at once, so take it one step at a time.

Let's say that right now you're having difficulty with the many changes that are being brought into your life by My hand. I can guarantee you that standing by your side right now is your own personal angel of change, the one who helps you adjust and adapt easily to changes, the one who can give you explicit counsel on how to yield to the winds of change, how to see changes through My eyes, and how to accept each change as from My hand. (Prayer Drive 2007 #3647)

Why would you be stopping to listen and ask if you think that you already know what to do? But when you realize that you won't make the right or the best decisions on your own, then you will stop and ask for help. You will be desperate and empty and thus create a vacuum for Me and the keys and the spirit helpers to come in. (Mystical Bible prophecies)

Call on us throughout your day, this is activating us. Key us into your day in order that you might unlock all that is available to you for each day. We are your keys to victory. If you're not calling on us then you are not unlocking or availing yourself of the full power. You want to activate us; then call, and we'll activate you, and the power will flow, and your faith will grow, and stretch and expand. We can put those faith stretching questions into your heart. But you must get to know us better; you must activate us more often. We are a major part in this end time game, so Key us in. (Mystical Bible prophecies)

As we become more and more one, your link with all your spirit helpers will grow stronger, permitting them to pour their anointing, talents, and training in their areas of expertise into you. At this time they can only do so at a slow trickle, but as you open to Me more and more, they too will find the channel and connection much stronger and will be able to teach, guide, protect, and counsel you, and through you, many others. (The Art of War, Part 3 #3558)

I know exactly what you need, how you need it, who you need as far as a spirit helper, and I will send you the best possible helper for you. It's not that you have to have more spirit helpers. But if you feel that you need some extra personal encouragement and strengthening and anointing for the battle, ask Me for your very own personal spirit helper. A lot has to do with your faith, My brides. If you need a boost of faith and if a personal spirit helper will help you to have more faith for the battle, then ask for one and I will send you one. (Helpers and Hinderers Part 2 #3597)

In order for there to be an "outpouring" of spirit help, there are several factors that must be in place. First, there must be a need, and it must be My time in the spirit. In some cases they must wait, for it is not yet My time.

Second, those on Earth who they need to help must be open to the help, deserving of it, and asking for it. They must be yielded, at least to a certain extent. The conditions in their spirit must be right and ready.

I cannot help those who refuse My Spirit. I cannot help those who insist on their own way or think they know it all. And at times I must wait, for it is not yet time. But when it is My time and the conditions on Earth are right and you

are asking for help, the helpers of Heaven rejoice, for it is time for another outpouring! (The Era of Action! Part 1 #3288)
