

Keep your mind on the Dealer

YOU HOLD THE WINNING
HAND...just follow My lead
September 22, 2024

Prophecy: Those that are overcome by the giants of this land, at this late stage of the battles, will not be given another chance. That chance was given during the days of your life in the Family. This is a completely new battle; you have turned back from the desert and now stand where you did many years ago. This is the last battle before we enter the Promised Land. Those that do not heed these Words will, out of their own

volition, lay down their cards and fold. All the chips that you have placed on the table during your life will not be forfeited, but at My return you will be reimbursed for all that you did for Me. The rules of the game will remain in place, and the cards that I've dealt up to now were made up of the sum of your choices throughout your life, some were long-term choices and some were short, on-the-spot choices, but they played their part in placing you right where you stand today. Those days are past, and you are now standing with Me at this CHECKPOINT about to start on the run to the finish line. The cards that I'm dealing you now are what you have placed in the deck since returning to the table, whether in 2015 or just recently. It matters not, the game of the End has begun and those cards in front of you are what you have to play with. Again and as always it is a matter of faith, heeding and believing. You will play your hand according to the faith that is in you. So are you ready?...then let's cozy up together and see what the next move is.

Prophecy: When the whore gives up her power, the war will continue. As My Word points out, the young lions will take up the charge to protect the King of the South. You have to remember that it is not just countries fighting here; countries are involved yes, but it is the elites that are fighting. These internationalists use the countries and the people in them as pawns in their wars, both militarily and economically. Remember, the people are the vassals, and they are the lords, and these devils aren't necessarily all bowing and scraping at the feet of the leader. As was said, if you gave Xi an opportunity, he would dethrone Putin lickety split. Well, the higher you go, the more proud and jealous are the players. If you think Xi and Putin are the top dogs, think again. The crown goes to the meanest. Those that handle Putin and Xi are content to work behind the scenes in the physical realm, but if you would cross the veil, you would see who the real big cheese is. Satanic power is passed down to the most deserving; it is the same arrangement in the Kingdom of Light. To the most deserving goes the crown. So yes, the war for supremacy will continue until such a time as the King of kings enters the field of battle.

Jesus speaking: I like to keep people solving the problems they are dealt each day. It's a game I often play. Each day is like a turned-down card in a game of cards. You are excited to know what card it is, hoping that it will be the right one or one that is going to help you win the game. I'm the dealer and I know what cards I'm dealing to each player. The Devil is playing across the table from you and I'm dealing his cards too; he really hates that part of the game...when it comes time for Me to deal a new hand. Once one game is over, I collect all the cards. I add your score and his score to the score sheet and then deal the next round. You watch the cards leave My hand and slide across the table to stop right in front of each player; your mind is trying hard to will the right cards to you and the wrong cards to your opponent. You aren't allowed to touch the cards until the dealing is done, but once the last card slides into the small stack of cards in front of the last player to be dealt, you gingerly reach for the first card in your pile and take a peek. Your heart takes a dip, it wasn't the card you desired, and in fact, by the look of the first card, you're already thinking that this game is going to be tough. You cast a furtive glance at Me as if to ask if I could slip you a better card. I catch your glance, but not your eye; My eyes are set on the clock on the wall to the left of your head ...time is an important factor in this game. Your opponent has had one up on you for some time now; he sits to your right and has had the advantage of being able to see the clock on the wall, which is pretty much directly behind your head. He knows how late it is, and that's why there are growing beads of sweat across his brow. This card game is a game of skill; there is no such thing as luck in this match. The secret to this game is playing the cards you've been dealt in correct order and just at the right time. Dexterity and calm, composed faith are needed to score enough points to win. This is a game of winner-takes-all, so the stakes are high. The reason I didn't allow you to catch My eye is because I know and you know that at this stage in the game all players are fully aware that it isn't so much the card that's being dealt that determines the outcome, but how you play the cards in your hand. I may have winked at your lack of skill in playing the game earlier on in the match, but now that you have advanced to the grand finale, there will be no more of that slipping you a different card just because you don't like the ones in your hand. The rules of this high-stakes, grand finale game clearly state, "no reshuffles, no second chances and no double-dealing." Of course we both know that your opponent doesn't play by the book; and at times when you managed to catch My eye, you've given Me that hurt, it-isn't-fair kind of look. It is at those times that I've looked deeply into your appealing eyes with that intense intent look

that wills you to remember our link, the connection we have with each other; that's something that your opponent doesn't have. We are lovers, and if you keep that connection strong, I don't need to deal you the cards of your desire. In fact, I could deal you blank cards and we could still win this game, if only you'd stick to the rules of the game. That's right, My love, we're not going to play his dirty game; we're going to win this match fair and square. Your opponent is going to go down in ignominious defeat. So keep your eyes on the cards and your mind linked to Mine. We are working in the spirit now, so put aside the carnal-mind figuring and hopeful reckoning on all those little escape hatches I made for you when you were but a novice, a bungling babe, a newbie. You've been playing against this crook for a long time now, and yes when you were young and not so close to Me, I did need to help you out of some of the bad moves you made, but now that you've reached the big league, the rules are what they are and you and I must stick very closely to them.

Your opponent is playing a fool's game, his days of bluffing, tricks and deceits are over, and that huge pile of chips in the middle of this gaming table is ours. We are going to take all, lock, stock and barrel.

September 18, 2024...The Dominoes Are Set to Fall

Prophecy: Communism has taken its place as the final World power and the US whore is about to hand over her power to the Beast.

1. IN A DREAM I WAS LOOKING AT THE MAP OF AFRICA. *All of a sudden it grew all black, and up out of it rose this **HUGE MONSTROUS BLACK DEMON, LIKE HE ROSE UP OUT OF AFRICA TO DESTROY THE WORLD!** It shook me up so that it woke me up! Then I was thinking, "That's true! Egypt is the head of Africa, and the Antichrist is going to come from Egypt!" But the vision emphasized the fact that it was going to be **WITH BLACK AFRICAN POWER THAT THE ANTICHRIST IS GOING TO RISE UP AND OVERPOWER THE WORLD.** It was as though they were so demon-possessed, so satanic, that the rest of the world would be no match for them. In (Egypt's Kings! [#1066A]) "The Frog")*

Prophecy: Your prayers through the intercession of the Holy Ghost have been setting the dominoes of the end in place. The Communist world power of Russia, China and the BRICS nations is ready and waiting to catch the fallout that will follow the US Presidential Elections in November. It is the black vote that is going to win the Witch of the West the vote there in the Whore's last hour. And you folks had better believe it is, because by doing so, your vote will swing the ballot-box count. Just one vote from you is worth millions of votes,. So if there are a bunch of you praying in genuine, desperate faith, can you imagine how many votes that translates into? This is the hour; you have the Devil on side now. Isn't that funny? He's been outsmarted by the Master strategist. Slowly but surely, over many years, he's been pushed into the corner and is now playing against himself. I've been telling you that Beelzebub's house is divided and will fall. If you are not heeding and believing what I am telling you in prophecy, then your vote will only translate into a few hundred or a few thousand votes and your party will be outvoted. This is the checkpoint and I'm checking you to pray more, and to pray detailed, proactive prayers during the lead-up to this pivotal vote. Pray that Harris wins those debates she has with the Trump. Remember, he can put on a pretty good show. Pray that the media gets behind her, pray that the showman Trump exposes himself somehow, pray that the Putin-Obama-Harris partnership syncs seamlessly; you just pray and I will work out the details, all those hows, whens and wherefores. I know you want Me to return in 2026, so pray like you desperately, passionately, fervently desire My return more than any single thing you ever wanted in your whole life. The history of the world really is in your hands. Obstacon, lethargy and all those big giants I talked about some time back are in battle array and they are determined to stop you. Leaving the property is a very dangerous thing to do. You haven't quite realized the danger you are in when you step close to or outside that cave mouth. For the whole world's sake, get away from the mouth of the cave and come deep inside with Me and the other generals. And I am talking to anyone who cares about the Palestinians and the Ukrainians, and all those helpless city-dwellers who are slaves to their drugs and pimps and God knows what and who else, who are using them as playthings: items to sell and barter or use up and throw away. You think you are doing a good work by sending some money to the poor or doing some CTP project to help this group or that group of people; you are doing only a minute fraction of what you were ordained and destined to do as David's mighty band of Endtime prophets. Please listen to Me when I say to you that you hold the history of the **WHOLE WORLD, THE WHOLE WORLD** in your clasped, folded hands. You have been given free will and majesty of choice. I'm on bended knee begging you to turn your will and choice over to Me and My boys and you will see what we can do with those two divine gifts.

***"IT HAS SOMETHING TO DO WITH THE 21st (OF SOME MONTH). It either begins on the 21st or it ends on the 21st. Of course it'll be at its brightest—between November 21 and January 21, and really from December 11 to January 21 is the main course. Either that or December 21."* (40 Days and Nineveh Shall Be Destroyed)**

Prophecy: Now is the time to point your Keys at the "Green Paper Pig," for when that domino falls, it will crash headlong into the problem there in Gaza. When the Whore "crashes" into the King of the South, the Mideast problem will go "poof". That is what the Communist world power is hoping and planning for, and that is what your Key-powered prayers should be focused on. Please ask Me to truly open your eyes to see what you are involved in here. I've painted picture after picture. I've weaved My Word for you. I've poured down Old Wine, New Wine, Red Wine, Blue Wine, White Wine, Bubby Wine; I've emptied the vats for you and refilled them again with New New Wine, so if you are not seeing the utterly vital situation and position you are in right now, then you have not fully quaffed the wine I've been pouring down. Sweep everything off the table right now and place that decanter in front of you and drink and drink and drink until you are absolutely totally convinced that if you don't pray, the course of history that both of us want will turn sideways. I am not going to lift you up and out of this corner; no winking, no sideways glances, no pleading eyes when you all of a big sudden realize that you should have played that other card instead of the one you just laid on the table. There is no excuse for playing

the wrong card. I am standing beside you whispering, instructing you on each move, each card. Look at those dates in 40 Days; those are the main course, the main meal, the main dates; that is when your prayers must also be the hottest, the brightest. Those are the dates between the vote right up to the inauguration. Those are the days when all the players will be looking at that huge stack of chips on the table. You had better believe that Satan's saints will be praying like a house on fire, and for some, their house is on fire, and you had better believe that the world is on fire and only your prayers can put it out. That is why I chose you; that is what all these years of training and revolutions and tests of faith and forest burning and reboots are all about...this hour, the hour of destiny. Don't leave the cave unless it is absolutely essential. Just the other day, as you were told, one of your brethren left his cave to go somewhere that to him seemed the natural, right thing to do, but as he will testify, I turned him back. I took a hold in that move and held back his hand from placing that card on the table. Thank God he listened. And thank God you are listening and will continue to listen. You do not have any idea of what card to play next, unless you've been told in prophecy. I, My Word and the Keys are your vital companions in these last days.

"AND ONE OF THE FAIRIES SAID," STRIKE HIM ON THE NOSE WITH YOUR WAND, that wand (key) in your hand!" (I had this wand (key) in my hand, a sort of little short stick, couldn't have been more than a couple of feet long) "Strike him and he'll let go!" So I hit him on the nose with the wand (key) and he let me go and I ran upstairs. 11. **THEN WE WERE UP IN THIS TALL, TALL BUILDING AND WE WERE COMING DOWN IN THIS ELEVATOR** and all of a sudden the elevator chain or cable--seemed like it was a chain--the elevator chain broke and the elevator began to fall! It was picking up terrific speed! Only I seemed now to be the only one on the elevator, you know?" (The Crash)

"The ultimate weapon in the Mideast is the American dollar, and if you believe in it, it will destroy you! But if you know it doesn't really exist, it vanishes! So I had told them, "It doesn't even exist! It's in your mind! It's your fear, your imagination! Resist it! Challenge it in Jesus' name!"--And, poof! It just evaporated! And that's the last I remember!" (The Green Paper Pig)

Prophecy: The MO Letters are so prophetic because they were Me giving you, My prophets, the blueprint of how it was all going to be done. Under My direction, "The Index" is you all pulling out the MO letters and uncovering all those lines that were **blacked out**, then putting all the pieces of the puzzle together to create the index that others would be able to read. As we all get closer to the end, the index will become much easier to read. Up until now, it has taken a great deal of faith to believe, which is normal. That is the way it always is when pioneering. This is not a done deal; you have not won yet. We have not pushed all these devils down the hole and into their own self-created world. I've not come for you yet; the battle of Armageddon has not yet transpired. You are at this very moment placing all the dominoes in place through your prayers.

"It contained what seemed like letters, and IT HAD AN INDEX. There were key words, important words that told things and places. The pages were turning slowly. I woke up, then went back to sleep and the pages began to turn again. There were some words on each page blotted out, but never more than one or two or three words on a page.

2. **IT SEEMED LIKE MAYBE I WAS WRITING IT, LIKE I OR SOMEBODY ELSE WAS WRITING IT FROM SOME KIND OF PRISON, AND IT HAD BEEN CENSORED,** but someone had figured it all out and indexed it.--So when you put the words back together you could tell what it said. Those words were blocked out in black ink. When you put all the words in the index that were blocked out **together**, they told something important about where things were and what was going on." (The Index)

Prophecy: Now we are at the pushing stage, and these are big dominoes and there is the whole kingdom of Satan behind them trying to push back, trying to stop them from falling. They of course want this New World Order to stand for a thousand years. They have plans to stick around for a long long time. Now do you see why you need Us to help you? You could never in a million years push this domino into motion with that much against you.

41. Be honest with yourselves. If you truly understood this concept and accepted it fully in your heart, do you think you'd be missing your Word time, skipping your prayer vigils? Step back and examine yourselves. Look at the way you operate. What do you see?

42. I'll tell you what I see. There are multitudes who need to be reached with My message. There are countless disciples to be won. There's a hungry and bleating flock already within the folds. There are ravenous wolves attacking and trying to maim and kill the lambs. There are harvesting tools to be made and implemented. And there you stand with your little tools in hand, ready to go to work. You're determined and dedicated, and you're looking around seeing which direction to move first. Of course, it's overwhelming, as each and every need would be a full-time job. So you dash around, a little here and a little there. Your tools are very tiny and outdated, so you get your hands all scratched up and your clothes torn. By the end of the day you're exhausted, dirty, and sad. The next day it begins again.

43. All the while I'm standing right behind you--Me with My team of angelic helpers and spirit beings who tower above you like giants--and we're trying to get your attention. We're waving and shouting and whistling! We have huge modern technology in our hands, tools that you've never seen. If you'd just ask, we're ready to operate our tools on your behalf, which would make your work much easier. But alas, you keep running around here and there, saying, "I'll be right with You. Just a minute. I just have to take care of this one thing, and then this other, and then this other. Ahhh...just one second. Really, I'm almost done." (Leadership Lessons, Part 1 [#3347])

Prophecy: Do you see how simple it all was after all? ...Was it so hard to wait, to exercise a little patience and trust that I knew what I was doing? What seemed to you to be a catastrophic disaster has turned out to be a beautiful Romans 8:28. Haven't I always said that if you trust in My promises, I will always come through for you? Now you are beginning to understand, and that understanding has come because of your faith and obedience. Understanding comes when you step out by faith and obey. It is a gift that I give to My faithful ones. It is part of your reward. I reveal My secrets unto My servants the prophets. Trust and faith come first then you get to see and understand.

GOD MAKES THINGS SO SIMPLE FOR HIS LITTLE BABY CHILD, THE PROPHET! He makes so simple for His little baby child Prophet. So simple nobody believe: (November) 11 to (December) 21 is 40 and (December) 21 to (January) 31 makes 80! Any little child can add those up, you see? It's very simple. You know? God makes very simple little prediction any little child can figure for His children. You believe that? (40 Days and Nineveh Shall be Destroyed)

I put this woman Harris into your hands as the next card to play. Satan has played his Trump card; and what he thinks will give him the best opportunity to prolong his day of execution. I give you Harris and that great and humble prophet Branham's prophecy to guide you as to what to pray as I lay My card on the table. Do not think that I play alone against this Satan. You are My partners, and we are compassed about with the greatest cloud of witnesses this universe has ever seen. We are coming to the climax; the final cards are being played in this Endtime game. Listen intently; do not leave your post. Yes, I know that you have the wings to attend to, but as I recently said, when it is time to fly, get off the wings and come inside the cabin with Me.

This is where the prayers of the Key holders come in... You begin the charge; you have control of the armies of Heaven and the armies of Hell. That is a Key promise; look it up. So now it is a matter of hearing from us, which each of you should do, and find out whether it is time for this woman to step forward and snatch victory for the Democrats in what looks like their darkest hour. Trump is set to win...that assassination attempt was a bold move. As the game nears the end, the players move more boldly and brashly at times, yet it is all very calculated. You hold the trump card; it is your prayers that can push this story to its conclusion or push the end game to a later date. Do you want to see Me return? Do you want the end to come? Then hear from Me in prophecy and I will tell you what My highest will is at this pivotal juncture. Your prayers have the power to change the course of history. You are called to the Kingdom for such a time as this. Put down the carnal and worldly thoughts and doings of Satan. He only wants to stop you from receiving My full power. Your time to shine as the world's greatest prophets is upon you. It may not be as you envisioned, but that matters not, you are tools in My hand, broken, yielded tools that I wish to use to smash the armies of Satan and force him into checkmate. He is fighting against himself; his house will fall. It is your prayers that will push him over the edge.

Jesus speaking: These are the giants (Satan and his band) that you must face before entering the Promised Land. There is no turning back this time around. You must go in because there will not be another call to regroup. These giants are the ones that defeated the Children of David at the time of Reboot. The children went back out into the wilderness and have now been brought back to the very spot where they turned and fled. In just under one year from now, at the beginning of 2025, you must be ready. The giants must have been routed from your minds and defeated. These are the ones that stole your faith in the Word and thus your power to go in and claim your destiny as My Endtime prophets of the last days. Rise up, My warriors of the End, for the weapons of your warfare are not carnal like it was in the days of Joshua and Caleb. Yours are mighty, far mightier than the sword and buckler, the stone and sling. Yet the battle is the same. Those men of faith faced the giants of their day, and you now face the giants of your day. Gird up the loins of your mind, for that is where the battle begins. The Children of David were defeated in their minds. They questioned the Words of God and lost faith and turned in their hearts and left the borders of the Promised Land to wander through the wilderness of this world until all those doubting older generation died. They did just as their predecessors did in the days of Moses so many years ago.

How the years have flown, and now you find yourselves at the End of time facing exactly what Joshua and Caleb faced in their time, and so will it be in your hour. History now repeats itself, as it always seems to do. You have been given their ensample. Now it is your time, My loves. You can do this, My dearest warrior band, because I am going to do this thing through you. I said stand back and see Me fight for you. This is what I did for Caleb and Joshua when they went forth to fight the giants in their land, and so will I do this for you as you go in to fight the giants of your land. These giants you go forth to fight have brought your land to ruin, just as My Word said they would. The Earth is full of their violence and deviltry, and as the days of Noah were so these days are. Yet have I not said that I have given thee the heathen for thine inheritance and the uttermost parts of the land for thy possession? But as My men of old had to go in and claim the land, so must you.

Satan and his band have tried every foul ploy in their arsenal to dislodge you from this mountain you climb, but still you climb on. This year will be the year of his defeat, if you turn now and make it so. I will take you into 2025 as victors over these giants that have defeated so many. Don't allow the enemy to dissuade you. Don't let him tell you what he's told millions and millions before you, that it is all for naught, for in so doing you hand him the final victory, snatched as a brand from the burning. You are almost there, one year and his band will burn in fire. Don't allow his brand to be stamped upon you; stamp him and his usurpers into the dust of history. Listen to the whispers and do as they instruct, for this is the only way the victory will be won. You not only fight for yourselves, but you fight for all men. You hold the Final Key in your hand; only the barrier stands between this world and the next. It is your faith that will bring down this final mountain and the Millennium will begin. All the promises will be fulfilled in that day, and then I will return as I promised I would.

I have told you that I will pull down some of the restrictions that were set in place as the world once again darkened when the days of My early disciples passed into history and the mind of man began to solidify under the relentless attacks of the giants of the

netherworld. If you choose to fight the enemy at every turn at every thought and every step, those restrictions will be withdrawn and the veil will thin and this will make it easier for you to reach the goals I've set for you this year. I have done all that I can to help you reach your destiny. Time has come to take the bull by the horns and secure your position as My future warrior brides.

Infostore quote for the day: "Let him that would move the World first move himself. (FEB 5, 2024)

The Way the Truth and the Life, no man cometh unto the Father but by Me.

Prophecy: You really have to pray desperately because man is falling into the Abyss. Yet abyss is not a strong enough word for what's happening to spiritual man. As for the flesh, it is not even worth thinking about. As soon as his flesh life is over, it is cut down as grass. It fadeth away and is cast into the oven and burned along with all those works of the flesh. Love is the only thing that goes with him into the spiritual realm. And for those that are listening to this and not reading it, Love is spelled with a capital L, as in what is done for Christ --and for any church person that may get to read this page or hear the podcast, "what's done for Christ" doesn't mean building a church or following a Pastor who isn't absolutely one-hundred percent living the Word of God in the Bible. And for those that believe they are following one of those spiritual Pastors, then for sure you will have gone way past the Bible by now and be deep in the wilderness of Revelation 12. As for the rest of the people, and those that call themselves Christians but are not (Revelation 3:9) are included in this category...everyone in this class is being literally sucked into the black hole, the Abyss, the black star that was created at the rebellion. And let me tell you, there is no escape from that diminishing world unless God the Father calls you back for a specific purpose; like for example to stand before the White Throne Judgment.

Recalcitrant man is being pulled or sucked into Satan's revolting revolution. What most people don't or haven't yet realized is Satan has created a diminishing world that is taking everyone that follows him into a whole different universe, one that he and all those that followed him into rebellion will never come back from. The prophet David saw this concept; just thinking about it freaked him out.

Can you remember why a black star is called a black hole?

7. **SOME STARS THEN ARE ACTUALLY SPIRITS**. and there are positive & negative stars. This is exactly what science is finding out, that some of these stars have collapsed in on themselves, as though they were cursed, & some of them are still collapsing. And some of them they claim have already collapsed down to practically nothing!--Fallen stars = Fallen angels!

8. **ALL OF A SUDDEN IT COMES TO ME WHAT ABRAHAM SAID IN "CHINESE SPIRITS "ABOUT THE DIMINISHING WORLD"**! He called the evil spiritual world a diminishing world--up-side down, backwards & diminishing! Isn't that strange? I mean, we don't understand it, but apparently it's just a reverse of what God intended for it to be. Isn't that amazing?--Could this be the Bible "pit"? (Black Stars!--The Upside-Down, Backwards and Diminishing World! [#0945])

Note: What I'm gathering from the above prophecy and Dad's Letter is that the Bottomless Pit is an entrance into another universe where the damned that enter will never be able to return from. Satan and all those that wanted separation from God get it. They get their own universe where they can rule and reign. What a dark world that would be. Maybe the translators of the Bible couldn't conceive of such a place so they just ascribed "Hell" as being a fiery pit. Or perhaps for now all those destined for the Bottomless Pit are being held in solitary confinement within the different rock strata awaiting judgment. Perhaps Gragau is a halfway house for those that are going to level up at the Rapture?

Prophecy: It is as you've stated; you have been given understanding of how it will be. If Satan were to win this celestial battle, then this world where planet Earth now resides would become as that upside-down, backwards and diminished universe. We are all involved in a literal war of the worlds. At the rebellion Satan was given permission to setup his own kingdom. He chose Earth as base. The Bottomless Pit was created by God; the universe beyond the Bottomless Pit is created by Satan, out of his mind, you could say. Man with his small, finite mind creates his own little world. His little zone; it starts in his mind, a dream of how he would like to live in this material world where he resides, and who he'd like to have in his dream world. Then he sets about creating that dream. Everything he needs to build his finite world is supplied, at a cost, and all he needs is money to get it. So the rat race begins. If the human has a little money, his world is limited to a rented house and perhaps a motorbike, which is his, and which is the first building block in his dream world. He dreams of a girl to sit behind him on his mind craft motorblock. Of course to get that girl takes money...and well, you know the rest of the story. The more money someone has, the bigger their dream and before you know it, you have a whole world of little dreamers with their dream worlds connecting in some way, but just enough as to not encroach on the other guy's dream. But of course, there is always someone who steps on someone else's toes. So you have the laws of the land etc. etc. etc. So on up the ladder you go until you reach the elites who have figured out how to own everything and everyone else's little dream worlds. Now above the elites you have the big cheese himself along with the lesser cheeses that run their sector of the elite's world. At this point in time, the period or era these cheeses were given to create their own universe is up, but they don't want to go; they like it here. Nonetheless, this universe was created for God's obedient children, but as Satan and his band don't want to be God's obedient children, they will be removed, by force. So God created a portal called the Bottomless Pit. Once Satan and his followers are forced into that portal, it is locked, only to be unlocked when the one thousand years is complete. Then judgment happens, and those that are to be thrown into the Lake of Fire and the second death are escorted to the portal to start their new life with their very own universe which they will fill with their kind and their dreams, whilst we this side of that dark portal will fill this universe with those obedient to the Father and His Son. If you thought there was only one universe, but now think that perhaps there are two...may I suggest that there might be even more than that. And who knows but one day in the far distant future that world may be opened up for those who are commissioned to go into that dark world to see who or if there any survivors that can or even want salvation.

24. **THE POWER & MASS OF IT IS SO BIG THEY'VE FOUND IT EVEN BENDS LIGHT RAYS** which has always been said to be impossible! One of these things has such tremendous gravitational pull that it would bend a ray of light! They've actually experimented with it with X-rays or something. They say that you would just absolutely enter into another universe, totally another universe, & through that into another World!--Like the spirit world!

25. **IT'S LIKE YOU WOULD PASS FROM ONE WORLD TO ANOTHER & TO ANOTHER.** But he said if you were able to live through this you couldn't go back into the other from which you came. The whole thing was so spiritual it just about freaked me out!

26. **IT WOULD BE LIKE PASSING THROUGH DEATH FROM ONE WORLD TO ANOTHER!**--From one life to another!--From the natural world to the spirit world!

Prophecy: Jesus is the way, the truth and the life. It doesn't matter what man thinks or creates out of his corrupt mind. It doesn't matter if it is money, church or a mosque; there is only one way back to the Father and life and that is the Door called Jesus. Man and his imaginations is nothing but a comfort zone for his flesh, something he creates around himself and his little world to make his flesh happy and pacified. Pain and upheaval are good for carnal man; and I'm not endorsing unloving behavior. I'm endorsing living a life outside your comfort zone, and the further out the better. Giving of oneself to another can be very painful to the flesh; it is called sacrifice. But notice in the following verses in 1 Corinthians 13 the type of sacrifice I'm talking about here.

Though I speak with the tongues of men and of angels, and have not ~~charity~~, I am become as sounding brass, or a tinkling cymbal. And though I have the gift of prophecy, and understand all mysteries, and all knowledge; and though I have all faith, so that I could remove mountains, and have not ~~charity~~, I am nothing. And though I bestow all my goods to feed the poor, and though I give my body to be burned, and have not ~~charity~~, it profiteth me nothing.

You've been told that the word charity in these verses means love. There is only one Spirit with that name and there is only one way to get to that Spirit and that is through the door Jesus. So forget about any works of the flesh that are not Love centered (capital L). We all have a long ways to go, brethren, but we are on the right path, and you can thank dear old Dad for leading the way out of Churchianity and onto the path to life. Anyone who would turn from the path and head back into the world for any reason will find themselves being sucked deeper and deeper into that diminishing world; mark my words.

So why wasn't the door opening when you were pulling on it? Well, that should be obvious by now, but it is because you can't pull Jesus into your little world of rebellion and expect Him to come compliantly. In fact, you will find the exact opposite. He will resist and will not budge. Many Christians do just that though; they want Jesus to live with them in their comfortable little house. But as you know from a recent dream about dying to yourself, it doesn't work like that. You have to come into Jesus' world by pushing on the door.

Now to freak you out; and this is to get you a lot more desperate about your prayer life. Satan has pretty much everyone on planet Earth thinking that somehow, some way, Earth is going to be around for a long, long time, so there's plenty of time to adjust the furniture in their personal comfort zones. And because man is so into Satan's concept, he doesn't even realize his world is diminishing. And that is not only spiritually but physically also. Have you noticed --I'm sure you have-- that the things you buy today don't last but half the time they use to last, and that they are also costing a lot more? That should tell the Pharisees that although they listen to the weather report on CNN in order to better plan their next vacation in comfort-zone world, they are missing the signs of the times. You may think that this world is as Satan has you believing, "going to last a long, long time." And to make your point, you now show me how much you know about your Bible by pointing to some verse in Revelation 21 and 22 that tells of the wonderful future God has planned for man. But I must interject here by telling you that that is what God has planned for man **if** man pushes on the door and stops pulling on the door. Remember man is supposed to go God's way and not the other way around. Man is diminishing; Earth is diminishing...practically speaking, the resources on this planet will run out...the Earth and everything in it is diminishing; and greedy, selfish, God-hating man can't even see it. They may sense it, but because they are so into their little world, they shrug and keep going. They play their part, you play your part, Satan plays his part and God just stands back and lets it all happen. And in a way that is true; man has got to learn somehow that self and selfishness, pride and sin are weights that suck him into the diminishing world. And this diminishing world is literal; it is literally happening, and will continue to happen but for that Key that was given to you, the Children of David (Matthew 24:22) and that is without mentioning all the Old and New Wine that supports the power of prayer and its ability to change the course of history. If you don't think this world can diminish into nothing, then you should very seriously think again.

10. **IF THOSE STARS COLLAPSE, THAT'S GOING TO CAUSE SOME HELL OF AN EXPLOSION!** If those stars up there are actually angels, or they represent angels, what if suddenly one-third of them would suddenly collapse, like science is talking about these black hole stars? What an explosion that would be! That would be some fireworks! (Black Stars!--The Upside-Down, Backwards and Diminishing World! [#0945])

Prophecy: Remember, for example, what is going to happen to planet Earth at the Gog and Magog rebellion. The Bible has only skimmed the surface of what can happen if certain angels and people don't do what they know they should do. Noah's ark was a warning of what can happen to a civilization that goes awry. Man in his pride thinks he's indomitable; he thinks nothing can or should dare touch him.

19. **SCIENCE IS MORE & MORE REALLY CONFIRMING THINGS GOD ALREADY HAD IN HIS WORD** about these stars falling & exploding, & negative stars that are collapsing on themselves, going from new huge shining stars down to a black hole of nothing! Now wouldn't that be just like the judgment of God on the demonic angels, the evil spirits?

20. **THOSE SPIRITUAL OCCURRENCES ARE BOUND TO AFFECT THE PHYSICAL WORLD & PEOPLE IN SOME WAY.**

Prophecy: Here's a great number 22 paragraph for you:

22. "**THUS SAITH THE LORD, THY REDEEMER, & HE THAT FORMED THEE FROM THE WOMB**, I am the Lord that maketh all things; that stretched forth the heavens alone; that spreadeth abroad the earth by Myself; that frustrateth the tokens of the liars, & maketh diviners mad; that turneth wise men backward, & maketh their knowledge foolish." (Isaiah 44:24-25.) Isn't that something? He's driving them crazy--"maketh diviners mad & turneth wise men backward"! (Black Stars!--The Upside-Down, Backwards and Diminishing World! [#0945])

Prophecy: You better believe what the Word of God, through the mouth of the Prophet, is saying in those paragraphs; this is where the planet Earth and those that God's driving crazy are going, and at the rate they are going, this Earth would vanish, literally, but for your prayers. --And that's where you will go too if you don't catch the vision of why you are here on planet Earth. It all starts in your own life. That is where the very first symptoms begin to show, the first signs of selfishness and diminishing sickness begin in your heart and mind. Are you a black hole or a shining star? The choice is yours; it always has been.

27. **LIKE THE ANGELS WHO FALL WITH SATAN** pass from shining stars to black holes, from positive to negative, from life unto death, through sin & rebellion against God, so it is possible to pass the other way, from death unto life through God's love, mercy & salvation in Jesus!

28. "**VERILY, VERILY, I SAY UNTO YOU, HE THAT HEARETH MY WORD**, & believeth on Him that sent Me, hath everlasting life, & shall not come into condemnation; but is passed from death unto life."--John 5:24.
(Black Stars!--The Upside-Down, Backwards and Diminishing World! [#0945])

Quote for the Day: *There's coming a time real soon when you won't want to make one wrong move. ...You're going to want to be as close to the Lord as you can get, so you'd be wise to get rid of whatever it is in your personal life that's keeping you from being a do-or-die soldier. (ML 3186:35)*
