1. **SOME DREAMS SEEM SUCH SILLY THINGS** because I don't always understand them right away. But I'll just tell you what I saw, that's all I can do. I don't know what else to do. What it means I don't know exactly, I'm not quite sure, though a few little things have come to me.

2. **IT WAS FIRST ABOUT THIS BIG BRITISH BULLDOG,** huge big bulldog with a steel--horned collar like they use to wear.--I remember when I was a kid we used to have some bulldogs--these big collars with big steel points on them, did you ever see them? Big steel points about three-quarters of an inch long sticking out like studs on the collar, you know? Made them look real mean, you know? It's a funny thing, bulldogs are really not very ferocious, they just **look** ferocious.

3. **ALL I CAN THINK OF IS THAT THAT BULLDOG MUST REPRESENT "JOHN BULL" OR BRITAIN.** But bulldogs only **look** mean, they're not really mean, they're really very gentle. All the kids were running up this stairway of this old, old house like an old English mansion--and they were running away from this bulldog, they were just terrified by this bulldog! This old bulldog is the world system, and whilst you are a part of it, it is relatively friendly, although you should never really trust a dog, no matter how friendly it may seem. But on the other hand, you shouldn't be terrified of it, because then you lose your power. Fear steals your faith right away. Never turn your back on it either, unless in the power of God, having His protection and guidance --then you can.

4. **AND I YELLED AT THEM, "HE WON'T HURT YOU!"** He's mostly just bluff and it's almost like he's only being playful. It's almost like he's trying to run after you to scare you on purpose, but just sort of playfully, like a dog will play with you, you know?--and he'll bark and growl and you can play with him with your fist or something, you know, and he'll take it in his mouth and play like he's biting on it, but he won't **really** bite hard.

5. **SO I SAID, "SEE," AND I JUST SHOVED MY FOOT IN HIS MOUTH,** like that!--In order to try and tell them not to be afraid and to show them that he wouldn't hurt them, couldn't hurt them really, I shoved my foot in his mouth and that stopped him, but he was still growling at them and he held my foot in his mouth like a dog will do when he's playing with something. You know, you shove it in his mouth and he grabs ahold of it, but not to hurt it.

6. **HE COULD REALLY BITE IT, BUT HE JUST HELD MY FOOT IN HIS MOUTH** like you hold your hand in his mouth or something and he was growling and looking, trying to look fierce, I guess he was trying to warn them of something. I was trying to show them that he wasn't really trying to hurt them, see? He was just chasing after them like that was his duty to bark at them and growl at them and chase them, and I tried to show them he wouldn't really hurt them, you get it?

7. **I SHOVED MY FOOT IN HIS MOUTH AND HE JUST STOPPED** and he just held it there, just a minute, and then I ran up the stairs after you all and he didn't follow us anymore.

8. **BUT PRETTY SOON WE WERE IN THE TOP OF THIS HIGH, HIGH BUILDING,** I don't know whether the house turned into a high building or what, one of these big tall buildings.

9. **OH! OH! OH! I ALMOST FORGOT** to tell you something very important!--I had my foot stuck in his mouth and you all said, "Come on!" And I said, "I can't! I've got my foot in his mouth and he won't let go!" And it's a funny thing!--There were you kids, see, people on the ground, and then there were these beings that were floating around in the air, these nice, bright fairy-like ones like fairies--maybe they were angels, good angels or something--but they were like nice bright pretty little fairies! These are your spirit helpers; these are the ones that will help you through the days of tribulation ahead. Are you listening to the whispers? Are you practicing hearing the voice of those that would see you safely through the time of great temptation? If so, then you will make it, for it is their job to see you safely into My arms again.

10. **AND ONE OF THE FAIRIES SAID," STRIKE HIM ON THE NOSE WITH YOUR WAND,**

that wand in your hand!" (I had this wand in my hand, a sort of little short stick, couldn't have been more than a couple of feet long) "Strike him and he'll let go!" So I hit him on the nose with the wand and he let me go and I ran upstairs. The wand is the Keys to the Kingdom, and as soon as you strike the system on the nose with those keys in your hand, it will let go. Then up you will go into the higher pastures of My will leaving the lowlands behind. If you don't make your stand now, that old bulldog of a system will not let you go. The system is very stubborn and has a strong grip on all people, including you. Look at how many cards and strings you have attached to yourself. These attachments are like that bulldog. They won't hurt you, but just try and pull your foot out of the system and run away. Then you will see how much of a hold it has on you. So get out that magical key and strike it right on the snout. Pray a prayer as you do, and it will let you go.

11. **THEN WE WERE UP IN THIS TALL, TALL BUILDING AND WE WERE COMING DOWN IN THIS ELEVATOR** and all of a sudden the elevator chain or cable--seemed like it was a chain--the elevator chain broke and the elevator began to fall! It was picking up terrific speed! Only I seemed now to be the only one on the elevator, you know? You may not realize how very close this elevator chain is to snapping. Yet, it won't break of its own accord; it will be cut. There is a lot of weight in the elevator, what with the entire world inside along with all the strife it is in. It may have snapped under its own weight, but that would have ruined the plans of those that have all people, including you, trapped in the elevator. So at the most opportune time, they will cut the cord, and down, down, down the system will go --and at a terrific speed too.

12. **(MARIA: HAD THE OTHERS GOTTEN ON WITH YOU?)** I don't remember them being on it at all, no. I don't remember them being on it at all, I don't know where they were then, it seemed like they were still in this building or something up high, even like they were on different floors or maybe coming down the steps. That was it! They must have been coming down the steps when I was coming down in an elevator!--Why? To show you the power of the Keys, that is why David was in the elevator. Some of My children are escaping the system some other way. It is not the best way, of course. The best way is using the Keys. So David represents those children who have the keys. There will be many of My children trying to escape during the days of darkness. It won't be easy and some of them will lose their lives trying. The keys are for My elite, and My elite will be in the elevator with the spirit helpers, listening and using the Keys. It is My will that they be there, because those children trapped in the world will need them and the power that I have vested in them. So David is the front-runner showing you the way into the stadium. Now, if you know anything about team racing, there is a front runner. He sets the pace and tries to get the opposition to follow him. His aim is to set the pace, but it is also to try and wear out the enemy or get their eyes off the guys behind the front runner, his team mates, those who will actually be the ones who will zip around the enemy at the last moment and run across the line.

13. **BUT ANYWAY, THE CHAIN BROKE AND THE ELEVATOR BEGAN TO FALL REAL FAST,** faster and faster and faster picking up speed, and I thought, "Oh my God!" I always did have a terrible fear of elevators, I never wanted to be in one, ever since I was a little kid they scared me to death! And I always was afraid I was going to be on one when it fell, you know? As it got faster and faster and faster I thought, "Oh boy! What's it going to be like when we hit the bottom! Well, at least it will be **quick,** cause we'll sure hit that bottom awful hard!"

14. **AND THEN THE LITTLE FAIRY VOICES WERE CALLING TO ME SAYING, "JUMP! JUMP!--**Just hold the wand in your hand and jump! You'll be all right if you keep the wand in your hand and jump!" One said of the elevator was wide open, and so I shouted, "Are you sure I won't hit something or those floors going by or something?!" "No," they called back, "as long as you keep the wand in your hand and just jump!--You'll be all right!" We all face the crucial time when we have to jump. We've been told what to do, but that doesn't make it any easier to jump, especially if you are given to carnal thinking and analyzing. But let Me tell you, if you don't jump when you are told, you may very well hit bottom with the rest of them. So take the leap of faith and see what happens…you will be surprised.

15. **SO I JUMPED OUT THE OPEN SIDE OF THE ELEVATOR** and I just began to float, I just floated! It seemed like that wand had power of some kind and I just floated right out of the building completely out of the building, and just settled down to the ground! And it seemed like the wand had power for whatever I needed, you know? It's a funny thing! Not funny at all David, that wand is the Keys; of course you didn't know it at the time did you? But it sure seemed a funny thing, that a wand had so much power as that one did.

16. **SO THEN WE WERE ALL IN A BIG HURRY FOR SOME REASON.** Now it was all snow on the ground, snow and ice, and there was this river going past the hotel (I don't know why I should say hotel, maybe it **was** a hotel!), like it was some kind of ski resort or something and we were all on skis now (Maria: Was it the same kids?) I don't know. It seemed like it was right there at the same building. And the fairies told us, "Now you must ski very fast and jump the river!" The tribulation will be like winter, a time of great spiritual darkness. The hearts of men will be very cold indeed. And that river is your Jordan; you must cross the spiritual Jordan. You must circumcise your heart before you leave old John Bull for good.

17. **AND SO WE WERE ALL SKIING REAL FAST DOWN TO THE RIVER** and then kind of up like that, and then we go **zoom** over the river and land in the snow! We were all landing over on the other side in the snow and some in little pockets of ice-covered water like puddles and mud puddles and stuff, and we were kind of ... I mean it was almost like it was a little funny, you know, like kids will play and it's fun, and like we were sort of clumsy about skiing. We didn't seem to know much about skiing, but we were making it anyway across the river. Some of My children have been in the system for a long time, almost too long, and some of them for their whole lives. So this skiing business represents following the Word of God. That is why the Children of God needed Moses, because they really didn't know anything about skiing out of Egypt. And that is why the Children of God in the last days will need the Words of Moses David, because so many of them only know church business, which is not much better than system business. So you see, you the elite, have to be there for them with Keys in hand. Cause some of them are going to land on the other side of Jordan kind of clumsy-like.

18. **THEN WE STARTED SKIING UP ALONG THE RIVER ON THE OTHER SIDE** and it was a big hill and we kept having to climb and climb and climb up this big hill. And I got so tired and the little fairy voices told me again. "Well, just take the wand and hold it out in front of you and it'll **pull** you!" So I just took the wand and held it out in front of me and zoom!--I zoomed right on up the hill just **so fast!** I'm going to give you a Key promise to explain this one: "Call on the keys of guidance, counsel, and encouragement and I will part the "Red Sea" of any difficulty you face." Here is another one, but remember there are hundreds of keys for all situations: "Activate the keys of unwavering faith and trust, and in the spirit you can scale any mountain, walk through any fire, and cross any canyon with My full protection and indestructible determination."

19. **THEN WE GOT TO SOME KIND OF VILLAGE UP THERE,** and there were a lot of shops, different kinds of little shops. I hope I'm not forgetting anything, I'm just telling you the parts I can remember, that's all I can do. We were each given some money, some coins, and we were told to go out and buy things, like groceries and some toys for the children in these different shops. Now take special note of this part, because this is not just a story but instruction. I said in My Word that I would give My old prophets dreams, and I would give My young prophets and maidens visions and prophecy. This was My promise before I left earth for My home in heaven. The Holy Spirit was given to instruct you and lead you, especially you, who would be living in the time of the End.

20. **IT WAS SORT OF LIKE IT WAS A KIND OF A GAME,** and that we were to see how much we could by with this money, how many things we could get before the money--it was the funniest thing!--The money, from the minute it was put in our hand, it began to grow **smaller!** And you had to rush, rush, rush, rush, rush to try to buy things as fast as you could before it dwindled down to **nothing** you know? I am going to warn you now; this is not a game. This is exactly what I want you to do right now. Prepare yourself for what is right around the corner by purchasing things that will make a difference in your life when the crash happens. You see, the money is going to disappear…the international cashless banking system doesn't need your cash; it needs your number, that little number called PIN. All your money will be in that personal identification number. So dig out all money that you have stashed away for a rainy day because that rainy day is almost here. Use it wisely, on things that will be useful to you in a world where you cannot buy or sell without the mark…which no one in their right mind would take. Don't waste your money on trinkets or useless things that only entertain.

21. **AND THEN THESE THINGS YOU BOUGHT, THEY WERE EACH ONE TIED TO AL STRING!** there was a chicken prepared for roasting and stuff like that and different items of groceries and some little toys and stuff. There was a string tied to each one of them, and each one of us now had a wand and when you bought these things you tied the string to the end of your wand. So each one of us was running around with a bunch of stuff dangling from the ends of our wands. Always remember that the wand in your hand is the Keys to the Kingdom and these keys are magic. They are endowed with blue magic and they open blue doors called portals. And those portals lead to My Kingdom. The strings will remind you that your continued provision and protection are tied

to the Keys. The Keys are Mine, and I hold all the strings. So don't get your eyes on the things, because when they look like they are running out, remember the strings are in My hand and just like the bowl of meal and the cruise of oil in Zarephath, I will keep refilling. So put your faith in the right basket, and all will be well for you and your loved ones, and for anyone else that you have in your little fold.

22. **BUT EVERYTHING WAS GROWING SMALLER ALL THE TIME,** and the whole idea of the game was you had to hurry, hurry, hurry and spend your money as fast as you could because it was soon going to dwindle right down to nothing! And even the stuff you bought you had to hurry, hurry, hurry with it, because if you didn't finish up the game and get out of that town it was all going to be dwindled down to nothing ... just vanish! Didn't I tell you that the money was going to crash, disappear, and vanish forever? Be a wise virgin and follow what I am saying here. Don't miss a thing and you will be fine. You cannot delay a moment longer…this may be your last warning. I know it takes faith to believe, but this is an exercise in faith, and I am expecting you to follow, because very soon your faith is going to have to be much stronger than it is now.

23. **AND ABOVE THIS TOWN--THIS IS THE FIRST TIME THAT I FELT ANY THING "EVIL"**--above this town there were these big, dark faces floating around!--Great big dark evil-looking faces! They were almost all eyes! They were like two big eyes, I don't know how to explain it, they were like beak-shaped faces ... well, almost like some huge evil birds' heads!--That's what they were like!--Sort of like big evil birds heads, with these big eyes! But they were dark and evil looking and they were floating around in the air! There is more to this story, and if you follow this link you can read about it. (See Close Encounter #710). I told My children in the Bible that the god of this world was coming. The god of this world is the devil, and he has almost accomplished taking over the whole world as well as the hearts and minds of all people. All that is -- except My very own. His people are everywhere, both in the physical realm and spiritual realm. So you see, you are surrounded by evil, and these evil birds, both man and beast, control not just the town in this dream, but every single town and city in the world. The Keys are very important in all of this, because as I said, they have the ability to unlock portals to My Kingdom. So when you are in dire need, use the Keys, and they will keep you out of these evil birds' control.

24. **IT WAS LIKE THEY WERE IN CHARGE OF THAT TOWN AND THE SHOPS AND ALL THIS** and this was their idea of a game, and we had to do this fast and get out of there before it was all gone.--Like they ruled this little town and the shops and stuff. It was sort of like their game.

25. **SO, WE ALL GOT OUR STUFF REAL QUICK** down there and, boy oh boy!--I had that little chicken that I bought and it dwindled down to where it wasn't even as big as your fist! And the toys had all dwindled down till they weren't more than two or three inches long, and everything was dwindling very fast! So we rushed, rushed, rushed, and we just **had** to get out of town in a **big hurry** or it would all be gone!

26. **THEN THESE LITTLE FAIRIES TOLD US ALL TO JUMP INTO THIS BIG TOBOGGAN, REAL QUICK!** It was a big covered toboggan, had a streamlined cabin, reminded me of some of those--what do you call those boats that float or fly, you know! Those aero-boats, what are they called?--Hydro-something or other?

27. **BUT ANYHOW IT HAD A BIG STREAMLINED CABIN AND WE ALL GOT IN.** It had a sort of a bubble-shaped front windscreen, you know? What are those big air boats that go across the channel? What are they called? (Hovercraft!)

28. **WELL ANYWAY, WE STARTED ZOOMING BACK DOWN THE HILL** like we were getting out of that country in a hurry, faster and faster and faster, and I got **so scared!** I thought, "Oh my! if this fairy keeps driving this thing this fast we're going to come to a corner or a turn or something, and we're never going to make it!"--And sure enough! We did!

29. **WE CAME TO THIS SUDDEN TURN IN THE ROAD AND I SCREAMED OUT, "HOLD ON!"**--And I thought sure we were going to crash, just like when I started to jump off the elevator, when I was heading for a crash, I thought sure we were headed for a crash! But instead of that, just about the time I thought, "Oh! This is it! This is the end!"--I mean we were coming down that toboggan road **so fast!** I was not one of those regular toboggan raceways, but this was a big huge covered toboggan as big as an automobile with a sort of bubble top and with a kind of pointed nose and you could see everything all around.

30. **BUT INSTEAD OF CRASHING, ALL OF A SUDDEN**...I mean were already going so **fast**, we were just **flying!--**And sure enough, all of a sudden it just **took off** and **flew** right up into the air!--Zoom! Just **zoom!** And that's all I remember! I woke up suddenly! It scared me so that when, zoom, off into the air we went, I said, "Ah!" I gave a huge sign of relief!--And that's the last thing I remember: I heaved **such** a sign of **relief!** I'd thought we were goners for sure!

31. **INSTEAD OF THAT, IT JUST TOOK OFF LIKE A ROCKET!** I mean the toboggan just became a rocket and took right off into the air and we went right up into the sky! Isn't that something! I still don't understand what all that means! So there you are, free and safe at last and forever. Now if you follow this link and watch this video you will undoubtedly understanding the deeper meaning. I love you!
See Reboot: https://youtu.be/DJN-cHf3GG8

32. **(MARIA: WERE THEY JUST OUR OWN KIDS, DID IT SEEM LIKE?)** I don't know, but I think so. It was just a bunch of kids, you know? It seems like we were headed for someplace--that's the impression I had when taking off in the toboggan. We were going down, first down that hill from this kind of dark mountaintop that was ruled by these dark evil bird-like faces, and it seemed like our money had dwindled down to nothing in all this big game. I mean it was just like it was a big waste of time because we didn't wind up with anything, with either **money** or any **things** anyhow! Isn't that funny!

33. **BUT WE EACH HAD OUR WAND,** we still had our wands, and the wands...Oh, that had something to do with when we came to that curve and I saw the toboggan wasn't going to make it, I remember gripping my wand real tight and holding it out like this in front of me, and all of a sudden, zoom! The toboggan just look off like a rocket right up into the air into the sky! Yes, everyone has their very own Keys…some are specific and some are general use, but everyone has their own set of keys…and there are lots and lots of keys for all sorts of purposes.

34. **I REMEMBER WE SEEMED TO BE BOUND FOR SOMEPLACE ELSE,** like it was some other country or something we were going to. We were getting out of that snow country, anyway, where they had that evil town that was ruled by those evil faces and where everybody was having to rush so fast to spend their money to buy all those things that all dwindled down and disappeared into nearly nothing! Can you imagine? That crazy dream!

35. **(MARIA: BUT THAT'S WHAT THEY'RE DOING RIGHT NOW!)** Well, I **can** see the significance of that: It's like this whole present commercial system, Babylon, is like one big game, you know? Stupid game! Everybody was given so much money and the idea of the game was to rush around, spend it as fast as you could before it all dwindled down or just completely vanished!

36. **IT KEPT GETTING SMALLER RIGHT IN YOUR HAND WHILE YOU'RE HOLDING ONTO THE MONEY,** it kept getting smaller and smaller! I thought, "Oh, I must rush, rush, rush! I've got to quick buy some more food and a few toys for the children!"--And then I would take them, and each one was tied to a string, and I attached the string to the end of the wand and these little bits of food and toys and stuff were all dangling on strings from the end of my wand like they were sort of dependent on the wand, tied to the wand. If you stay in the system, you are trapped…their game is rigged. *The more you buy, the more you need, because the more you will want to buy* is also part of the game. To truly get out of the game, you have to leave in your heart. If you heart is still there, then you are as trapped as if you never left…really.

37. **AND YET THEY KEPT SLOWLY DWINDLING IF WE DIDN'T GET OUT OF THIS EVIL TOWN,** with these evil hawk-like looking faces floating around up there! They were **huge** I mean they were **big** things, big as **balloons!** I mean big as a **weather** balloon! You know what a weather balloon is? You know, those big weather balloons that are about eight or ten feet in diameter?

38 **THEY WERE FLOATING AROUND ABOVE THE TOWN** just like those weather balloons, but they were so dark and **evil** looking! Oooh, it gives me the shivers to think about it! It was like the evil faces presided over this town, and I don't know now, but why **did** we want to go there? Your David was a fighter, and as I said earlier, he was your front-runner. He went there before you, to take a look so that he could tell you what was up ahead. So don't waste this instruction by being familiar or complacent. The enemy wants to keep you and

everyone under his control. He doesn't want you to apply this Intel because if you do, it will spoil so many of his plans. He is afraid of a jailbreak. He is well known for not letting his prisoners go (Isaiah 14:17). He has the whole world deceived, thinking they have freedom. Of course, it is a lie. What freedom is there in the flesh? The flesh is bound to this earth. True freedom is in the spirit and can only be found through Me. I have come to set the captives free. I sent My prophets before Me to warn the people of Satan's treachery. David went before you, and now you must go before Me and warn as many as you can of what is happening right now in their make-believe world.

39. **I CAN SEE HOW THE BRITISH BULLDOG KIND OF REPRESENTS THE SYSTEM,** the really **British** system, the British authority or government or something. But it didn't really want to **hurt** us. It just wanted to show its authority.--And it was just barking at us and trying to show that it was the boss of that house, you know? And it was trying to chase the kids to show that, to make them do whatever they were supposed to do. And if you don't want to keep their rules, then you'd better leave --and quick. That is what this dream is all about: how to get out, how to stay free of their control. It's the Keys, My dears. It's the Keys. It's time to hit that bulldog on the nose and flee.

40. **AND WHEN I STUCK MY FOOT IN HIS MOUTH HE DIDN'T HURT ME AT ALL!** He just held it there momentarily with a firm grip until I just tapped him lightly on the nose--and you know a bulldog doesn't have much of a nose!--But I just tapped him lightly on the nose with my wand, as these fairy voices, the fairies flying around, told me to, and he just opened his mouth and let me go, and I ran on up the steps after you all.

41. **I CAN SEE SOME SIGNIFICANCE IN THAT,** in what's even going on in Britain right now, I don't... Oh, the **elevator!** The **chain** broke! It's headed for a **crash! That's** it!! The **chain** broke!--if even **one link**, like **oil**, breaks in the chain of their economic system, it can cause a sudden depression or a sudden panic or a sudden collapse of the whole System!

42. **YOU KNOW THESE BIG TALL BUILDINGS THE SYSTEM BUILDS THEY'RE SYMBOLIC OF THE SYSTEM, RIGHT?--**And the elevator was already going **down** slowly when I was on it! It was already slowly going **down**, but suddenly the **chain** broke and it just **plummeted** toward the ground! **That's** what that means!--You get it?

43. [There is no paragraph 43.]

44. **IT'S JUST LIKE WHAT'S ABOUT TO HAPPEN IN BRITAIN NOW, OR IN THE WORLD NOW, LIKE THE WHOLE ECONOMIC SYSTEM IS ABOUT TO COLLAPSE!** It's been going down sinking down slowly, just like going down in an elevator, right? Then all of a sudden the **chain** broke, and it just started going oooh, full blast for the bottom! And the little fairy voices kept calling and calling me to, "Jump, Jump!--Just hold out your wand and you'll be all right!--**Jump!"** I'm your fairy God Father, and I am telling you to jump right now! Don't worry; the Keys are there to protect you when you do. Just listen to the whispers. Just listen to all those beautiful fairies that surround you night and day.

45. **THE FIRST THING THAT CAME TO ME WHEN I THOUGHT ABOUT THE WAND** was, now what **was** the **wand?** I don't know whether that fits all the way through, but it just as clear as anything came to me!--the **wand** is the **Word!** (Maria: That's what I thought!--The **letters!)**--Did you really? The wand is the **word!** Isn't that amazing? Me, the Keys and My Word are one, and we are your vital companions in this time of the End. So use us, and together we will help you make it through the Endtime.

46. **I MEAN THAT WAND Key WAS REALLY POWERFUL, YOU KNOW?** By the authority of the Keys **wand** I even tapped that **bulldog** on the beak and he let me go! And with the power of the Keys wand, when I jumped out of that falling elevator, I just floated off, just floated off right down to the bank of the river!

47. **THAT ELEVATOR MUST BE SYMBOLIC OF SOME KIND OF A FINANCIAL CRASH OR SOMETHING!** (Maria: The elevator?) Yeah! Like a financial crash! Maybe it's just in Britain, or maybe it's going to be worldwide. Remember that "Green Paper Pig," you know? (see Letter NO. 243.) It blew up clear over there in the Mideast, but it can't possibly help but affect **other** places once it happens **anywhere.** All these things and all these crashes are heading for a showdown all at once!

48. **ALL THOSE CRAZY VISIONS THE LORD GAVE THOSE PROPHETS** must have really sounded awful crazy to them!--Stuff like God riding on a big wheel with eyes in it and pulled by four big funny-looking animals with different kinds of heads!--I mean that must have been **far out** to see something like that! in fact he never really did explain it too much. I guess he just didn't understand it. Ezekiel's wheel!

49. **WELL ANYWAY, THE FIRST THING THAT COMES TO ME ABOUT THAT ELEVATOR IS THAT THE THING WAS FIRST GOING DOWN SLOWLY, BUT SUDDENLY IT JUST BROKE LOOSE AND IT WAS REALLY HEADED FOR A CRASH! LIKE THE ECONOMIC SYSTEM!** It was only through the power of that **wand** Keys that **I** ever got off! The wand was just like the power of the **Word!** It's sort of like the **Word** is like **faith,** too! It's a combination of the **Word** and **faith**, you know, the **Wand Keys.** And if you really **hold on** to it and **believe** it, why, it'll really **do** things!--You know? It got me off that elevator so **I** didn't crash **with** it!

50. **BUT THEN, WHAT IN THE WORLD COULD THAT RIDICULOUS THING MEAN ABOUT JUMPING A RIVER AND SKIING UP HILL!** Whoever skis **uphill?** You don't ski **uphill**! But **we** skied **uphill** with our wands **pulling** us **uphill** to that **dark** little town with all those shops! It's almost like uphill's the **wrong** direction in this case, you know? It's as though we **had** to go up there to **experience** that game to see that that **wasn't** where it was **at!** You know what I mean? Since the Reboot, My loves, most of My Family have gone back into the system. Even those Family members who think they are on the right track by living a life of CTP, are not living the Words of David and are therefore not fully aware of what is happening around them. So many are still asleep in the system, but some have woken up now and are waking others up too. The Keys are powerful, and they have the power to pull you up any hill or mountain that you face. Don't fear; the power is there. Just use them, and they will come through for you.

51. **'CAUSE THOSE BIG DARK FACES, IT WAS LIKE THEY WERE IN CHARGE OF THE WHOLE TOWN, THE GAME** and the shops and the money and everything and they were the ones doling out the money pieces you play the game with. It was just like the money they gave you were the pieces that you played the game with, you know, like Monopoly or something, and you went around buying up stuff.

52. **BUT EVERYTHING KEPT DWINDLING AND DWINDLING AND DWINDLING!** Reminds me of that upside-down backwards-diminishing world in "Green door" and "Chinese Spirits"! (See Letters Numbers 262 and 273)? The only reason these things would stay at **all**, the money and the things we bought, it seemed like was because of the Wand!--Oh, **that's** what it was!

53. **YOU HAD TO TIE THEM REAL QUICK TO YOUR WAND OR THEY JUST COMPLETELY VANISHED!** But if you could get them tied on the end of the wand quick enough--I mean by the time you got them **on** there, already they'd be real little! But they didn't seem to **shrink** much anymore if you got them tied onto the end of your wand! Now **that** makes sense, because, in other words, their **value,** the value of all those things, is totally dependent on **faith** in the **word,** you see?

54. **VALUES ARE REALLY DEPENDENT ON PEOPLE'S FAITH IN SOMEBODY'S WORD!** So these things wouldn't have any value at all apparently, if it wasn't for man's **faith** in them, and I guess God's Word, too, really. When God withdraws **His** Word, the Wand of His **Word** their faith crashes and things dwindle down to **nothing!** You know? That's **true**! God has to allow this whole system to crash because it is built on the wrong faith. It is not pure gold faith; it is paper faith, things faith. The system is very selfish, and selfishness eats itself alive. The whole world is being eaten up by selfish systemites. It is crashing, My loves, so get yourself and as many others as you can out of it before it hits bottom. My arms are open wide, My Kingdom doors are open and ready to receive you, if you'll just take the leap of faith and believe.

55. **NOW WHAT IN THE WORLD WAS THAT CRAZY TOBOGGAN RIDE ABOUT?** We all got in the toboggan and we started zooming down the hill and then it took off! We were really getting out of there fast, it was like the whole **place** was dwindling, you know what I mean? Like we had to get **out** of there! And then our toboggan just took off right up in the air, right up into the sky!

56. **THE ONLY THING I CAN TELL YOU ABOUT THAT IS,** as I wondered where we were going, we seemed to be flying **out** of this snowy cold country, and we were headed **south.** That's all I remember, and the

reason I remember this is because I thought, "Well, I sure hope it will be **warmer** and no **snow!"** Cause you know me: I don't like the cold and snow much.

57. **IT WAS LIKE WE WERE GETTING OUT OF THAT COLD COUNTRY COVERED WITH SNOW AND WHERE EVERYTHING WAS DWINDLING!** Ha! Ha! That could sure be **Europe**, that's for sure! Ha! Ha! Wowee!--Cold winter Coldest winter in how many years? Coldest winter in Scotland in a hundred years I think! Coldest winter in Europe in **20** years!

58. **SO, IT WAS ALMOST LIKE THE TOBOGGAN SUDDENLY TURNED INTO A PLANE OR A ROCKET!** It was **not** a plane, but it was like a **rocket,** and it was headed **south!** That's all I remember. That was such a terrifying experience when I thought we were going to **crash!**

59. **THERE WERE THREE CRISES,** really three crises in that dream: First, that **British bulldog,** from which I was saved with the Wand. Then the **falling elevator,** from which I was saved by the wand. And last the **toboggan** which was going so fast I thought it was going to crash, which is what really woke me up:--That terrifying feeling! But then in **most** dreams, you know, you wake up just **before** something awful happens.

60. **BUT IN THIS DREAM INSTEAD OF WAKING UP JUST BEFORE IT HAPPENED, THE TOBOGGAN TOOK OFF** before it happened and started zooming up in the air! When it came to that curve and didn't make it, it just **flew!--**And I was **so relieved!** Wow! So relieved! Oh boy, was I glad to get out of **that** country! I mean that has an application, it makes sense:

61. **THAT COLD WINTRY COUNTRY WAS LIKE EUROPE WHERE EVERYTHING IS DWINDLING RIGHT NOW,** that's for sure! It's money's dwindling, its supplies are dwindling, and it sure seems to be ruled over by the evil "unacceptable" faces of Capitalism, the guys who are masters of the game! They were like the masters of the game! They were like big evil spiritual beings who were the ones who were masters of this game, and they were trying to get everybody to play. You just couldn't play it **fast** enough to wind up with hardly anything! And Europe is cold and snowy! And maybe you won't…you see…maybe it is too late for that…but it's never too late to start using the Keys to the Kingdom…I promised two thousand years ago that I would take My church, My believers, My loves, into the wilderness. Do you remember that promise? Revelation 12:14 Yes, those eagle wings that I will give you are like that key-powered toboggan. Don't be like My foolish virgins who think they don't need the oil of My Word to make it through what is upon you. Don't start thinking you can go the system way and fly out of the predicament your country is in…no. Remember, the Devil is a liar, and that vaccine passport is a trap…so don't think you can cheat the system by playing their game because they are the masters.

62. **AND THAT TOBOGGAN RIDE:--AGAIN OUR WANDS SEEMED TO HAVE THE POWER!** When the toboggan would have **crashed,** it just took off instead and became like a rocket! And the last thing I remember was I was so relieved because I felt like we were leaving that cold, snowy country, and I was hoping, well, I just **felt** like we were going **South**--I just had the impression we were going South. We were flying above all that down there, all that cold and snow! Who knows?--maybe we **will** fly South somewhere!

63. **WELL THAT CERTAINLY IS VERY SIGNIFICANT, REALLY: IF BRITAIN BARKS AT US** and chases us out of the house, we'll sure have to go **somewhere!** (Maria: Did he really chase us **out** of the house?) Well, no, but we were running **upstairs**. We were running upstairs, and the next thing I knew we were in the top of this tall building coming down the elevator. So I don't really know whether they chased us out of the house or not. He was chasing us upstairs anyway. He was afraid you were going to use the door and escape, David. He was trying to chase you deeper in, and now that you are deeper in, there is only one escape…the keys.

64. **(MARIA: AND YOU TOLD THEM NOT TO BE SCARED?)** Yeah. And the next thing I knew we were up in the top, like the tall building was a **part** of the house. I was 'way up in the top of this tall, tall building. I don't know, it looked like the British bulldog was chasing as **out** of **something**. At least he chased us off the **ground** floor, and we had to run up the stairs to the **top**. And then I took the elevator **down** and was riding on the elevator **down**. Yes, at least he chased you off the ground floor and away from the door. You may have used it and not the keys. I want you to use the keys. The keys don't play their game; they are controlled by a different set of rules. Only My selfless children can use them. They don't work for selfish people. You need faith in Me and My world for them to work. The Millennium is coming and by using the keys you are already preparing yourself for the

great escape.

65. **IT SEEMED AS THOUGH IN A WAY, I DON'T KNOW WHY THAT IS, IT'S KIND OF PECULIAR,** it seemed as though I'm like all the time although I'm there and the kids are there and I know they're there and they know I'm there, but I'm still more like an **observer.** I'm--I just don't know whether to tell you this or not, it really sounds so funny!

66. **BUT I TOO AM A FLOATING HEAD, BUT I'M A DIFFERENT KIND OF A HEAD!--I'M A GOOD HEAD!** Like I'm not a dark evil-looking head like those were, but I'm a bright and shining head, a good head. And a lot of the time I was just kind of floating around in the dream, watching what's happening.

67. **(MARIA: BUT THE FAIRIES ARE DIFFERENT FROM THE HEADS?)** Yes, oh yes! The fairies are like pretty little angles flying around.--Oh yes! (And you're a **head**?) Yes. I was like some kind of a floating head.--It was funny, so funny!

68. **IT'S LIKE I WAS CONSTANTLY WATCHING OVER YOU CHILDREN,** you know? And everything you seemed like you'd get in trouble I would step in and use my wand or something. Of course, when I used my **foot** it didn't do me much good!--I just got my foot stuck in the dog's mouth, and it wasn't until I used my **wand** on his nose that he let me go!

69. **MAYBE THAT MEANS I'VE BEEN KIND OF STUCK, BUT I'M GOING TO BE SET FREE!** Praise You, Lord! Hallelujah! Thank You, Lord! **You** know what it all means. It **does** have significance to the present financial crisis in Europe, Lord, it surely does! Yes, good old David is here with Me now, looking over your shoulder, still showing you the way to freedom. So listen, My children, listen to his Words, for they are My Words and My Words set free. You shall know the truth, and the truth will make you free. Come on, the hour is late. Get that wand out and start listening to your fairies. The portals are never closed. There is always a way out, even if you have to jump.

70. **IT CERTAINLY IS SIGNIFICANT WHEN RELATED TO THE PRESENT SHORTAGES AND THE ECONOMIC CRISIS.** So, You certainly illustrated it in a very simple childlike manner with this childish little dream, and I'm sure thankful You rescued us, Lord!

71. **THE WAND OF THY WORD RESCUED US BY ITS POWER!** We took off, Lord, for where I don't know, but I was sure relieved to be flying through the sky! Thank You, Jesus! Praise You, Lord! Hallelujah! Amen! Thank You, Jesus!

72. **DO YOU HAVE THE MAGIC WAND OF GOD'S WORD TO SAVE YOU IN THE TIME OF TROUBLE?--**If not, **write** to us and we'll **send** you some! If you're interested in dreams, visions and revelations and their meanings, request some of those listed herein, and we'll send them as soon as we can if available. **Hurry!** Tomorrow may be too late! Write **now!** Please enclose a small donation to cover costs. God bless you with His saving Words and keep you in the time of trouble! We love you!--Moses David and the Children of God.
