

30th January, 2024 AM. **Azure**) This is a time like no other. You are going on the unseen! Yes, you can't see so much what we are all talking about. Except the miracles, like yesterdays! But other than that you are living in another world. If you had to explain yourself to an earthy worldly human they would think you are quite crazy and they would snicker and laugh at you. Like they did at Noah...and Jeremiah... Hosea...Jesus...but not just laugh but get angry and want to disappear you for your irritating exposure of their fake flatlander 2D facade of a useless life! Well, you are in good company and so much the better so. They live in an upside down world. They live without colors! And well, they will just have to wait and see. You are living now in the deep waters far away from the shore and you don't have need to have anything to do with such ones. It's time to leave such a life behind and live with us in the spirit. There are so many secrets for you to learn of. So much about you needs to change to be who you are meant to be. Different! More like us! And you can be if you want. Let the Blue Key entwine our hearts so we can move and breathe together; so we can live in the reality of the spirit world. "Gird up the loins of your mind beloved, leave carnal and the enemy on the shoreline and break loose with us into the realm of the spirit forever; here's a fact for you...it is altogether possible to leave old carnal forever. "To the carnal mind this is impossible; but with God all things are possible." (OH WRETCHED MAN THAT I AM)

In the afternoon I got very questioning of how we are going to be so changed after a year behind the Son. How exactly is that going to work? How is it possible for us to be so drastically changed after one year of doing what exactly? Haven't we already been doing all those things? What's different now then? And how is it possible to leave the carnal...forever! Yes, it does seem impossible! I am confused and at a loss and spinning out.

Azure) PM. It all seems soo fantastical and it is!! You are limiting yourself because you are allowing the limits of man to confine you and your thoughts. You are putting up walls that say, no no, you can't go there and you can't do that! Do you not recognize those are the words of the World and their controlled habitat, one which you have come to abhor and detest among all things! If the World says it then you want to say the opposite because you hate it so much and know very well that there is always an ulterior motive behind what they say and do. They have fooled the masses but not you because your dear dad exposed them all!! And you believe the words he spoke. You just let the enemy spook you to the enormity of it all! It just seems so...made-up, dare you say... and so undoable and so your carnal mind is spiraling out of control and it's taking faith with it! But just stop for a minute and look up into the beautiful crystal dome above you! Look at the vastness and depth of the amazing alive sparkling Heavens and stand in awe at the Creation that is sitting out there! You could say it's unbelievable the stars and the planets floating around out there in space. You can't explain it but you believe it! Most likely because you can see it! But nonetheless, it's still incredibly miraculous. You and the whole planet have just become familiar with it and so easily wave it off as normal. It hardly seems miraculous anymore!

I guess by now you realize you were just attacked by the enemy. You have to relax and let the spirit flow over you and through you instead of being all tense and anxious. Because then everything seems crazy and weird and impossible and the concoction of a very vivid imagination! The wave of doubt just dumped you back on the shore. But no matter, get up and start heading out again into the water. Don't look back and don't fall for that one again. Once bitten twice shy. The creep won't get away with that sneaky tactic again...ok! Yes, you are just a simple child! Living by faith doesn't make sense! Going into the spirit realm and leaving the carnal mind is something you can't really understand and explain. It's supernatural! Otherworldly! You just have to believe! You have to be one of those insane dreamers! You aren't one of those fish swimming downstream with everyone else but you are fighting with all your might to head up stream against the current. (End)

You've heard this more than once, that the trying of your faith is more precious than gold, but during these days you will come to know faith as you have never known it before. (ML 3316:5) (Opened Infostore just now) (Searching 'unseen')

Life is a speck of our existence. We are tossed upon the staggeringly vast and infinitely greater ocean currents of spiritual reality that surround us, and fill us, and flow through us, and carry us into unseen worlds, and at last into the loving embrace of the Creator Himself.

PREFACE

Have you ever imagined stepping through some mysterious portal and suddenly finding yourself in another world, another dimension? Journey to Tricon is an account of what actually happened to me. I was spending a lazy day reading and recovering from a cold, musing over a letter I just received from a dear friend. My friend had presented me with an interesting challenge. Since we humans are essentially spiritual beings dwelling in physical bodies, why is it that we are not more aware of, or able to more directly communicate with, those in that vast realm of the spirit where our own spirits have their origin, and to which we will one day return? What amazing truths would we discover if we could communicate with someone good and godly from that mysterious spiritual realm now hidden from us? What if the barrier to that world is of our own making, caused by our lack of faith or being too entangled with the affairs of this life and this world to simply reach out and believe and receive unlimited help from beyond? What if it is actually not as hard or as uncommon as we think to draw aside the curtain that divides us from God's world of angels, and the world of spirits that have gone on from here? What if we, by believing, could cross over the threshold dividing time from eternity?

As I lay there praying and thinking about the vast possibilities and the wonders one might discover once through that door, and wanting it to be possible, I began to feel a strange vertigo-like sense of excitement and a rushing sensation within. Something strange and wonderful was happening to me. I felt the urge to pick up my small tape recorder, which was nearby, and turn it on. Then as I closed my eyes, the most amazing visions began to appear. They were more than just "pictures in my head," for it was as though I was actually traveling--or at least some aspect of me was--and I was being transported unimaginable distances, not just to observe, but to actually participate and record my experiences.

While I was struggling to describe the things I was seeing and experiencing, I also had to wrestle with my own dismay and complete disorientation at so suddenly being plunged into a totally "alien" world. I was not afraid or apprehensive, for the place, although strangely rugged, was very appealing. Also, I had an exciting feeling that what I was seeing actually existed. I believe the people I met also exist, though I wonder if perhaps they took on forms and appearances that I would feel more "at home" or comfortable with. I say this because I myself was quite different, although still "me." I was somehow changed, or modified to where I was a young person going by the name of Travis.

My first "journey" continued for about two hours, and I recorded all that I saw and all that happened to me. Over the next few months in quiet moments, I had more visions, each of which began again at the place and the event where I had left off previously. I have no explanation for this or how I could possibly be two people in two entirely different places at the same time, or any of the other equally unusual occurrences and encounters I have recorded here. I believe that there is much more to this life and our life to come in Heaven than we realize or imagine. I also believe we do not have much longer to wait before the portal dividing our worlds opens. (Daniel Renfrew Author of Journey to Tricon)

48. Don't allow your carnal mind to close itself to My Spirit by saying that this Christmas gift of Me allowing spirits of lost souls--souls that will in the future be in the spirit world if you reach them--to aid you in finding them is just not possible. You are then limiting yourself to the world of the physical, when you know there is so much more to life than that. After all of the truth you, My brides, have known, to allow the Enemy to cause you to box yourself into confines of the physical realm is like locking your spirit in a cage.

49. If the world of the physical was the limit, then how boring life would be, and the list of the things that would not be possible or real would be endless. There would be no Heaven, no afterlife, no such thing as prophecy, and there would even be no Me--because I came from the world of the spirit and was made flesh in your realm. So be careful that you don't throw out something I'm saying just because you don't understand it, or don't understand it completely. (Christmas message for 2003 [#3467])

Come on, let's see what's happening." In response to some unseen command, Regent and Thunder bolted into action, their huge, muscular bodies leaping forward. The ground churned away behind us in a great cloud of dust. I'd seen the distorted faces of astronauts taking off in rockets, but I couldn't imagine that they felt any greater force moving them than I felt at this moment. The powerful thrill of suddenly accelerating swept through me as these great animals broke into a run.

"Relax," whispered Zaapha. "Move with the animal, flow with the spirit. It's like riding the wind."

It was true. Every time I sensed that I was tensing up, I felt more and more that I would be swept off the animal's back. But the more I relaxed and trusted and tuned in to the animal's movements, the more I became one with the movement, which indeed was like moving with the freedom and power of the wind. The wildest carnival ride, the most incredible roller coaster, could not compare with the experience of being on this animal's back. It was total joy! (Journey to Tricon)

Me) Looked over recent word we've been given all about this subject. That's the key! Keep studying! The answers are already there.

Sooner or later you have to put your trust in something untested and unseen, don't you? This is called the life of faith.

(JAN 2, 2024 Finding Your Direction)

Now is not the time to be heedless and unbelieving. Now is the time to attend diligently to what is being said here, else we fall into sleep and thus temptation. We must swallow down the spirit of belief, drinking in the Word that has been patiently shared with us these many years. Watch and pray, beloved. The last hour is upon us, and the enemy, as a roaring lion walketh just outside the camp.

(DEC 18, 2023 Passover and 40 Days -Part One-)

The most recent monumental step toward preparation for My arrival has been the unveiling of the Key 6.66. I know it has taken quite a bit of faith for some of you to receive this revelation. But this ought not to be so, beloved. I gave the meat of David in preparation for this time. If you are lacking the faith to swallow this new meat, then there is little I can say to you that has not already been said.

The hour is very late now. There is precious little time for those who still stumble at each new revelation. Yet, I won't leave you comfortless. If you are finding this new meat hard to take, then call on the Keys. The giving of the Keys was a very practical step. Keys open things, right? They will—if you believe—open a way for you.

I like my plans to be as practical and down-to-earth as possible; that is the way your mind works. I put that element there when I created it, but Satan has twisted that element to his advantage. There is a part of his curse that works on taking away the magic of life (faith to believe in the impossible). Children are especially targeted because they naturally believe in that magical world. The Devil's worldly educational system smothers man's desire for the mysterious at an early age—system input begins pretty much at birth, and he has man well brainwashed at this late stage. Yet, even so, the Devil has been only partially successful in suppressing that desire for the supernatural. So what he does is, he works around that inbuilt desire by educating people into believing that anything magical or supernatural can only be obtained by passing through the portal into his dark kingdom. (just ask any church person)

Now a large part of his success can be credited to his creation of a fake frequency. It is real enough when operating in the confines of the carnal mind. But when I raise that lid and the curse begins to lift, then a lot of things on Earth will look and act differently.

(Blueprint for the Final Hour pdf)

Celeste continues: The Earth life is the testing ground and it is a real test, to be sure. Earth was designed that way, as a test in so many ways. Your flesh is like that back-pack which was placed on Christian as he left the City of Destruction or “Not Cursed” at the beginning of his journey. It is a heavy load for a warrior to carry into battle. It is a curse on your fighting ability, yet so many warriors still carry it into battle. It is no wonder the battle tires them so quickly. You were told to shuck them off during those first 40 Days before coming around the moon and into the City. Well, it is understandable that many of you complained that it is impossible to throw them off just like that. Your carnal minds and unbelief were standing strong and tall as you entered the City, and even now some of you have still not fully caught the vision of where you actually are in spirit. You don’t fully understand the ways of the spirit, just like you don’t fully understand the spirit of the MO Letters. Your carnal mind is not allowing you to fully partake of what is available for you here.

It is because you only sipped the spirit and didn’t swallow. But that is the sad story of many of the Children of David: they didn’t really take good strong swigs of the spirit.

And if you think this is an exercise in vivid imagination, then you really are in need of a shine up. Your gold is so tarnished we can’t see Jesus’ reflection anymore. Sorry, but I can tell you now, if you don’t start getting into the spirit and walking in the spirit, you will never leave this disembarkation bay.

The Warriors that head back to earth in 2025 have to be as transparent as the Blue Angel that stands beside you. Please, my name is Celeste, I am Warrior Band and I am one of your own. I am, you might say, spirit of your spirit. Please allow this talk to soak through the pride, self-rightness, and carnal mindedness that is holding you back from entering into the spirit. The flesh that you are holding onto is death to the spirit; it is not real. This world where we are standing right now is real. I might have to use earthy analogies to get you to see where I’m coming from, but that is because I have to cut through all the fleshly obstacles. You can help me and yourself and the other spiritual Warrior Band members that are standing over there watching this exercise, (points to one wall of the disembarkation bay) as well as your personal Blue Angels and all those other spirit beings that are assigned to you. You can help us all by stepping out by faith and entering, with effort, I know, into the spirit. But first you gotta trash the trinkets. Once you’ve done it, then count it as done, even when the Devil comes along and tries to shove your nose down that chute to get you to take a look at your trinkets floating away out into deep space.

(Ebed, personal spirit helper) So, the test came, right on cue. He will taunt you; he will hit you! He knows your weak spots. He knows the ones you have not let go, that are hidden away in dark corners, just stewing, for the right time for him to bring them out. And O, he will! So now will you heed my earlier advice? There’s that word, ‘heed’, which is akin to belief! Will you have listening ears, dear one? He that has ears to hear...let him hear! Let the ears of your heart hear. Listen to the whispers! What is the way we are showing you now? What is the new New Wine also saying? “Let go of the past!” So let’s move on. Hit back. Don’t be passive. Absolutely no wallowing allowed. Just desire the change, the fruits of His spirit and the New Wine. No time, no time. We wish to strengthen you and ready you. Take every opportunity to hone your fighting skills. Keep your keys in one hand at all times and your trowel in the other. Never let your guard down, because dear one...we are at war! Don’t forget it! He said that at this stage of the race the mind tricks would become almost unbearable! –Almost unbearable. Live by His supernatural principles as much as possible and live behind the Son, under His protection and guidance! Don’t let go or give up! Keep heeding and in turn your faith will grow stronger as you believe all He’s said he will do!

Ethel speaking: I am by your side, little queen, this morning highlighting with brilliant bluish white light the word ‘supernatural’ because it pertains to what is happening in the spirit right now with the sips of wine and where you are all being led. He is opening a door for you all in preparation for what is about to happen. The supernatural is of the spirit and can’t be attained from the earthly you. The letting go of yourself has to be done by

your total awareness of Jesus and your spirit helpers. This is the difference! It's unearthly. It's being dependent, connected, riding the blue plasma waves. It's a completely different way of operating. It's why it is so necessary for this purging and cleansing time right now, as these short comings of the flesh will only drag you down and are opponents to the supernatural way. The earthly has to be discarded; the nephesh has to be cleansed and washed away! The doorway stands before you if you wish to enter at this point in time. You must let go of the weariness of time and focus on the giving instead of what it's taking from you in the flesh. Rise above the muddy river with a change in your outlook. Have the eyes of love and fill your heart with the supernatural energy of love. Desire His will more than anything else despite yourself. This is the last stretch, little queen, so cling to Him like never before; adore Him with all your soul and heart! Go through that door that He is beckoning for you to pass through and hold on to His ways; fiercely believe and be still in His presence so you can have peace in your heart and full assurance of all He's doing with you all right now. You are His special ones who run after Him, pursue Him and will not let Him go. He stands at the door and knocks, so open the door to Him and let go of your pride; leave it at the door and enter in. He is waiting for you! Run little queen, run with everything that's in you. Keep your eyes straight ahead, looking neither to the left nor to the right!

(JAN 8, 2024 Empty Your Duffel Bags-MB blog pages 1128)

There are certain ways to walk in the wilderness. To be a wilderness walker you must first put off the carnal mind, the doubtful mind, and enter through the Spirit. Then, once there, you must focus and strive to stay in the wilderness by using the spiritual weapons to keep your mind in subjection with Jesus's mind. You lean on Him, your Beloved.

"Who is this that cometh out of the Wilderness leaning on her Beloved?"

And you must keep your mind, above all, in the Heavenly plane. You do this by praising. By keeping your heart stayed on Jesus, and not on the winds and the waves of carnal circumstances. Enter into His gates with thanksgiving and into His courts with praise. You have to keep your mind and heart in Heaven, in the arms of your Beloved, while you walk in the World by the wilderness way.

Hold My hand and allow Me to take you deeper into the wilderness, for that is where you must go. There is only darkness behind you, so you must keep moving. Don't stop My love, don't quit now.

What you are stepping into now is very exciting for us and we want you to grasp the concept I'm trying to impart here. The Keys to the Wilderness are a part of the concept...we are opening the portal for you all, but you must learn the steps, like learning the different types of "elixirs" or learning to trust your prophecy channel, by doing, by experimenting, by making mistakes sometimes, by trusting us, by trusting each other. Stay close; listen more intently because we are drawing even more closely to you all, we are making moves to open the veil, as was promised by our Husband. The two worlds are about to merge, but with "you" first.

As we go deeper into the wilderness, the Word, our prophecy channel, will be our bread and butter. Faith comes first, all these gifts and weapons of the spirit must be built on faith.

Practice now My dearest ones, practice going deeper into My spirit, the River of Life awaits you, it's warm waters of acceptance, your loved ones in this realm, all with open arms are bidding you to enter more fully, to join them in the eternal now. Let the things of this world go and begin to live more deeply in the world of the spiritual, the wilderness that has been prepared for you and those whose faith has no boundaries except one; belief.

Now you stand on My bridge over the open air. You have come out over the ravine and sometimes when you look down you can't even see what you are standing on. If you look with the eyes of the spirit, you can see the solid footing of My Word, the Keys and My hand. But when you look at it carnally, it looks like you are standing on

nothing. So you can't lose faith now; you have come too far to turn back. You are like Peter standing on the water. But I don't want you to sink. You have so much Word and you have the Keys. Just don't look at the waves and you will walk across the water. You will cross the ravine of the Endtime, walking on the water or even walking on thin air!

You have been blessed to hear Me, to hear My fresh New Wine daily at My gates. So enter deeper now to hear from Beyond –wisdom and understanding, direction, words of things to come, faith and trust that My spirit will sustain you through the 1260 days of Wilderness. It is time to cast off all the superfluous and truly focus and be single-minded. Tighten your grip on the keys and watch the words of your mouth that they are praiseful and that your thoughts are stayed on Me and I will call you My Wilderness walkers. You will see miracles, and I will use you to be all that I have destined you to be! You are not a mistake, because I know your heart even if you think you can't make it or aren't good enough. Shut the door behind you and walk deeper into the passageway where you'll hear wisdom from Above, prophecies from the prophets and New Wine heralded to My Wilderness walkers who even though tempted, will still hold up the Keys to the Wilderness and pass through the abyss of this last part of the journey!

Only with the power, wisdom and guidance that you will find when you search beyond the veil will you have the ability to endure—and not only to endure, but to overcome.

The flood has come; we were warned. Nowhere on this physical earth is it safe now –that is, if you are not in the very dead center of God's will. Once there however, then nothing by any means can hurt you. Pray without ceasing, beloved. It is in staying in the wilderness of His highest will where true safety and provision is found. It only takes one misstep, and you will find yourself back down at the bottom again.

In a relatively short time the veil will dissipate and those from this realm that mingle with you will begin to appear, in vague forms or short flashes at first, but as the world falls deeper into perdition, so will their manifestations become more tangible. The Keys are also increasing in power; you have been faithful to practice and believe without seeing great miracles, now the time of blessing will come. The Keys will begin to manifest themselves in open display. You will also catch glimpses of them in action. Be still now and ponder these things in your hearts. My promises are contingent on your obedience, so keep on believing, trusting and obeying those that whisper to you as you walk in the power of the Keys.

You, My loves, must remain militant in all your ways. Keep the doors of your mind closed to all inroads of the enemy by using My keys. The road into the wilderness is My Word. The Keys will open each door you come to. If it is My will that you pass that way, then the door will open at the command of the key in your hand. If it is not My will, then try another door. The days of wilderness travel are upon you. As you go, keep calling and calling into the darkness, My sheep will hear My voice through you and follow.
